FORWARD LOOKING STATEMENTS

Safe Harbor Statement

This presentation contains forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Words and expressions reflecting optimism, satisfaction or disappointment with current prospects, as well as words such as "believe," "hopes," "intends," "estimates," "expects," "projects," "plans," "look forward to," "anticipates" and variations thereof, identify forward-looking statements, but their absence does not mean that a statement is not forward-looking. These forward-looking statements are not guarantees of performance and actual results could differ materially from those contained in such statements. These forward-looking statements are based on our current expectations and beliefs concerning future events affecting us and involve known and unknown risks and uncertainties that may cause our actual results or outcomes to be materially different from those anticipated and discussed herein. These risks and uncertainties are discussed in greater detail in our Annual Report on Form 10-K and Quarterly Report on Form 10-Q under the caption "Risk Factors" and in other documents filed by us from time to time with the Securities and Exchange Commission. We caution you not to place undue reliance on the forward-looking statements contained in this presentation. All forward-looking statements are based on information currently available to us as of today, and we undertake no obligation to revise or update these forward-looking statements to reflect events or circumstances after the date of this document, except as required by law.

THE COMPANY:

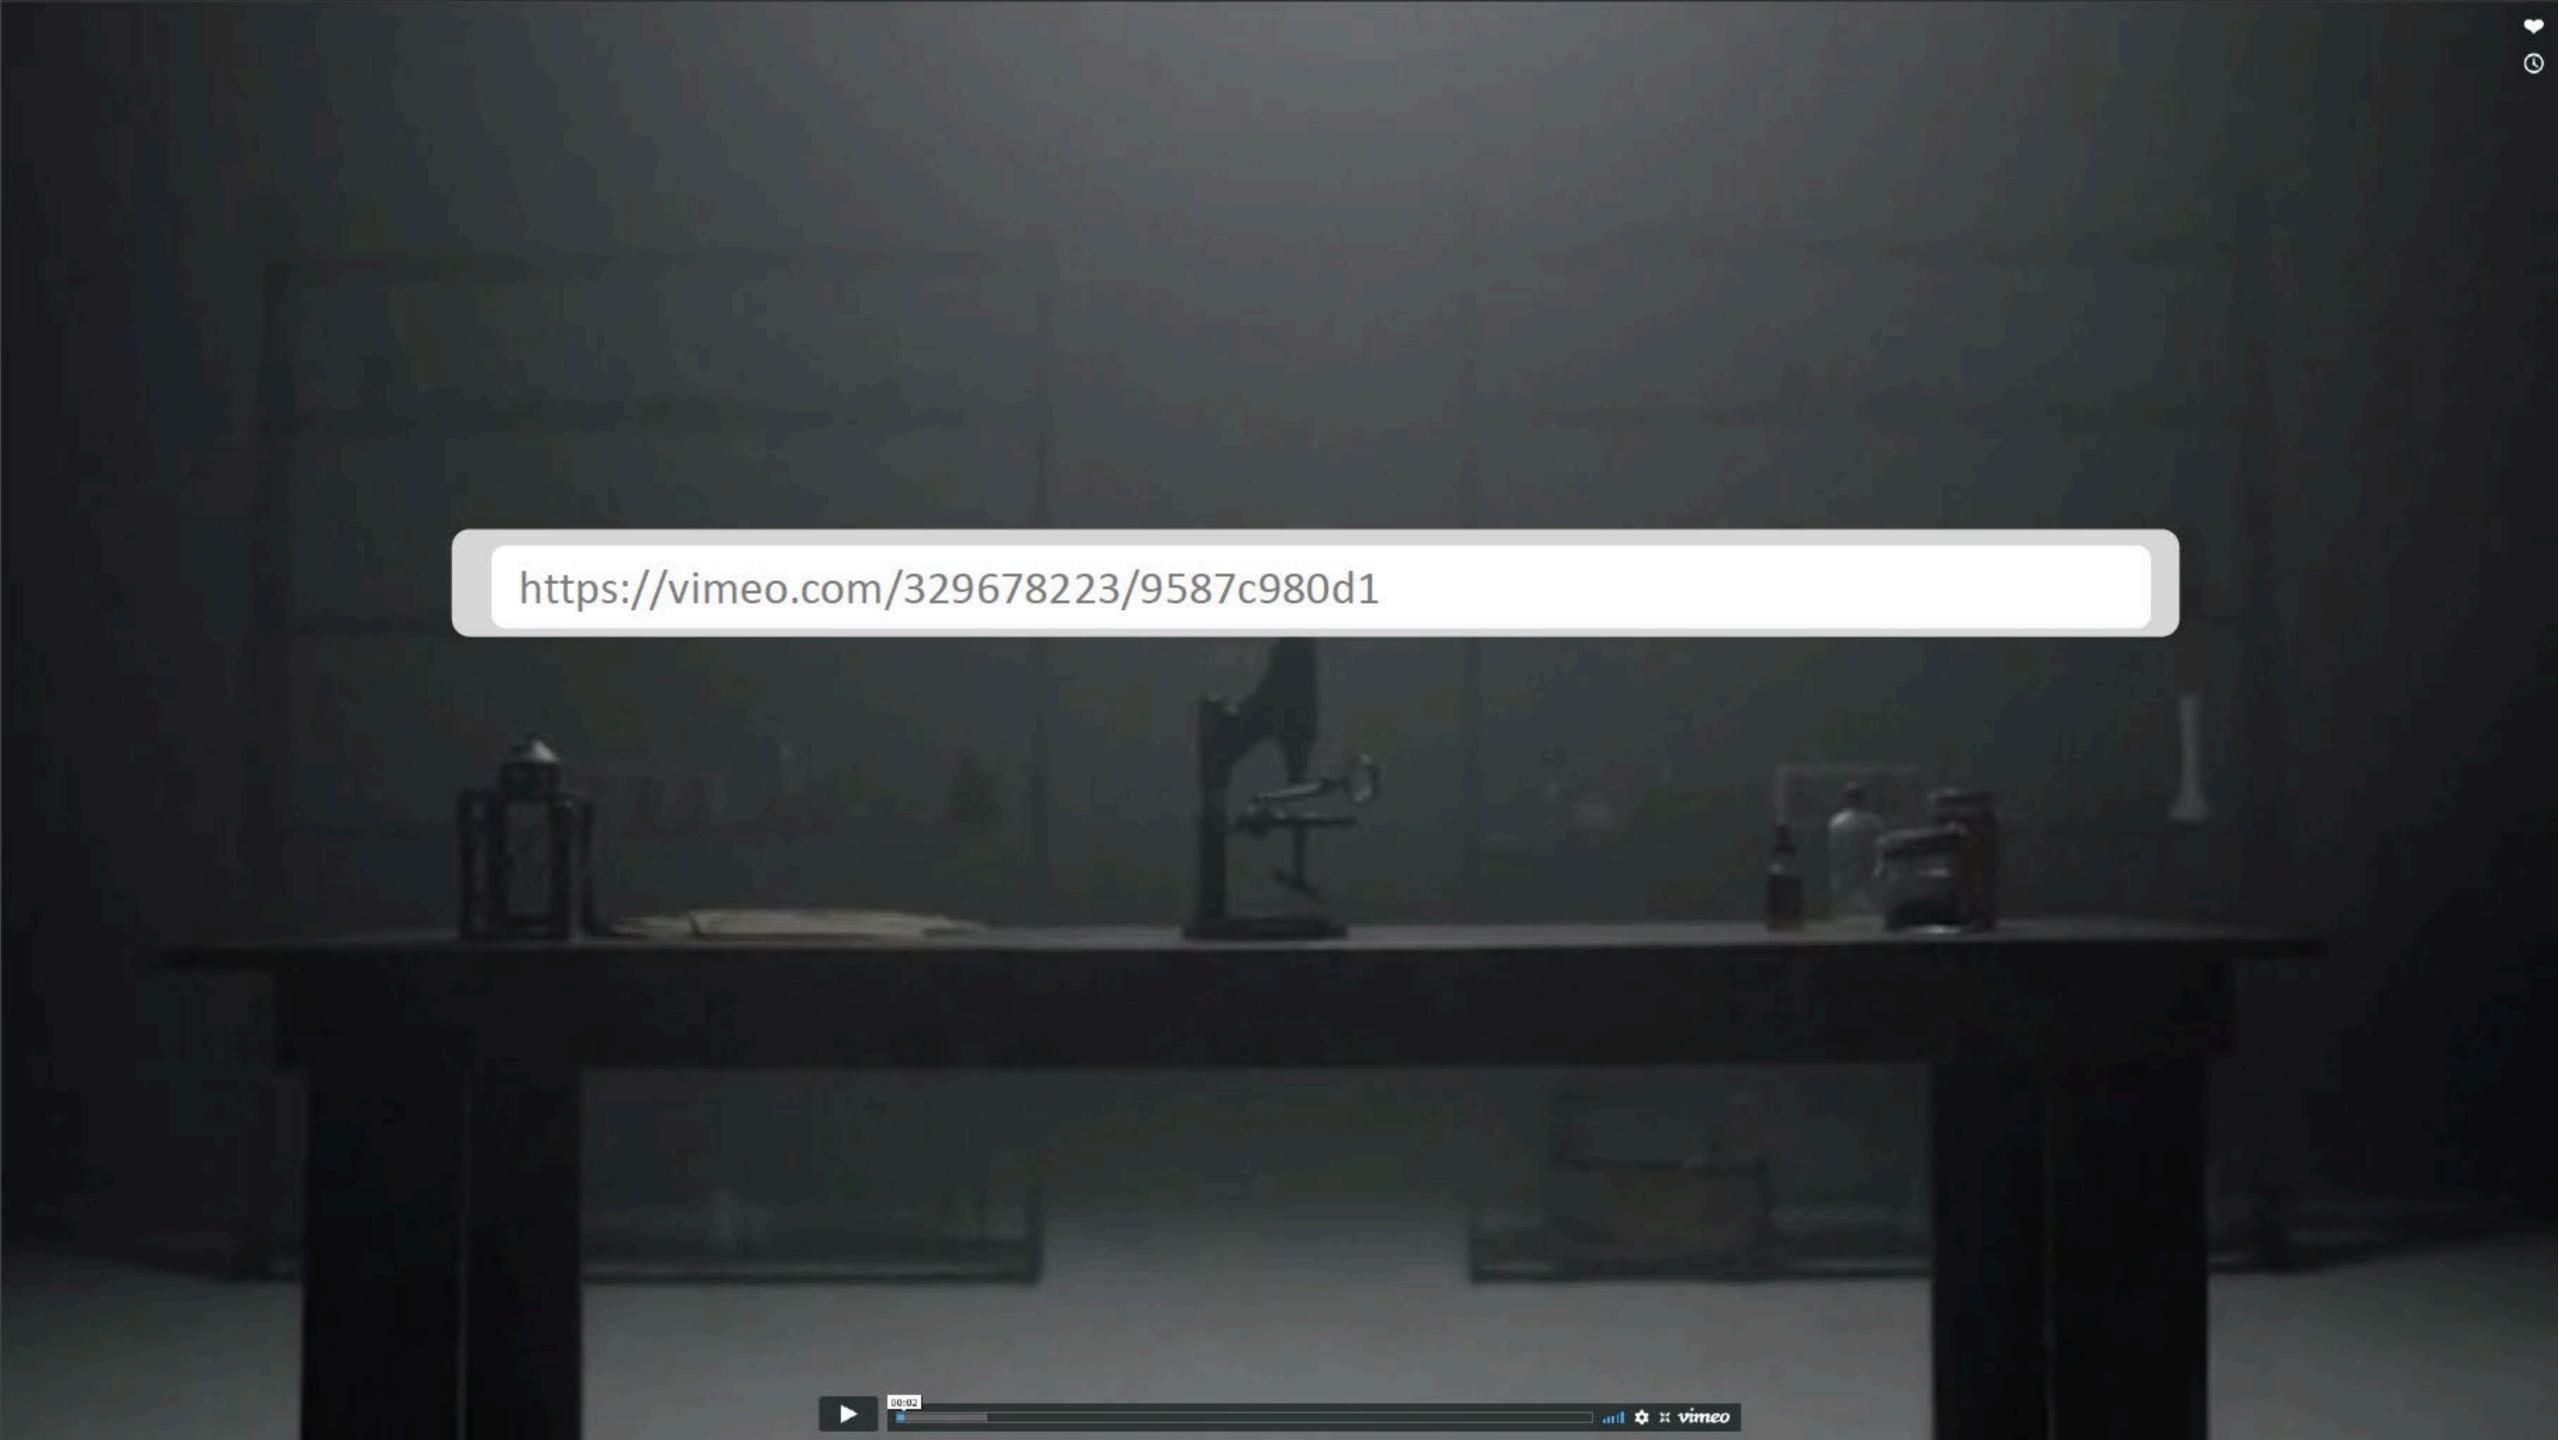

LifeVantage (NASDAQ: LFVN)

We believe the secret to unlocking your potential is found in your DNA. LifeVantage is dedicated to helping you master it.

We are a pioneer in Nutrigenomics - a new science dedicated to cracking the human aging code.

We agree with leading researchers that extending human life is inevitable, and we have already made strides to achieve it. However, we believe that in order to truly enjoy extreme longevity, we need to biohack both our physical and financial health. That is why we have combined our pioneering nutrigenomics efforts with a subscription-based entrepreneurial vehicle.

Our products are sold exclusively through that entrepreneurial vehicle - our network of independent distributors.

INDUSTRY TRENDS

TRENDS

THE RISE OF THE HEALTH ACTIVATED INDIVIDUAL

- Rapid democratization of genomic and other personalized health data is giving rise to a new wave of health-conscious individuals
- More than ever, education and understanding of one's own health is becoming widespread
- Individuals will research, measure and manage their overall health much like their personal finances
- Millennials have become a major driving force, empowered by ready access to genomic testing, health tools and a social network environment filled with influencers, all with a desire to hack the code to a healthier lifestyle

Biohacking

LifeVantage is a biohacking company.

Using nutrigenomics to optimize the human body for increased health.

- These trends have led to the emergence of "Biohacking"
 - The art of hacking your biology using nature's built-in mechanisms to stack the cards in your favor and become the best version of yourself
 - Bio-hacking is using science and personalized results to take control of and upgrade your body, your mind and your life
- Our mission is to "Biohack the Aging Code" through the relentless pursuit of science-based, nutrigenomic products with the intent of helping our customers live longer, healthier lives
