**PROXY STATEMENT
FOR THE 2006 ANNUAL MEETING OF SHAREHOLDERS**

October 20, 2006

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed proxy card because the board of directors of Lifeline Therapeutics, Inc. (sometimes referred to as the "Company" or "Lifeline") is soliciting your proxy to vote at the 2006 Annual Meeting of Shareholders. You are invited to attend the annual meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card.

We intend to mail this proxy statement and accompanying proxy card on or about October 20, 2006 to all our shareholders of record as of the record date entitled to vote at the annual meeting.

Where and when is the Annual Meeting?

The annual meeting will take place Tuesday, November 21, 2006 at 9:00 a.m. local time at the offices of The Chemins Company, Inc., 1835 East Cheyenne Road, Colorado Springs, Colorado 80906

What am I voting on?

There are four matters scheduled to be voted on by shareholders at the annual meeting:

- Election of nine directors to our board of directors: Javier W. Baz; Dr. James D. Crapo; Dr. Larry Gold; James J. Krejci; William L. Lister; Dr. Joe M. McCord; Stephen K. Onody; H. Leigh Severance and John B. Van Heuvelen;
- Approval of a proposal to amend and restate the Company's Articles of Incorporation;
- Approval of the Company's 2007 Long-Term Incentive Plan; and
- Approval of a proposal to ratify the appointment of Gordon, Hughes & Banks, LLP as independent auditors of the Company for its fiscal year ending June 30, 2007.

Who can vote at the annual meeting?

Only shareholders of record at the close of business on October 13, 2006 will be entitled to vote at the annual meeting. On this record date, there were 22,118,034 shares of series A common stock outstanding and entitled to vote.

Shareholders of Record: Shares Registered in Your Name

If on October 13, 2006 your shares were registered directly in your name with Lifeline's transfer agent, Computershare Trust Co., Inc., then you are a shareholder of record. As a shareholder of record, you may vote by proxy or vote in person at the meeting. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card to ensure your vote is counted.

[Table of Contents](#)

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on October 13, 2006 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the annual meeting provided that you bring with you proof of your beneficial ownership of shares, such as a brokerage account statement. However, if you are not the shareholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

How do I vote?

You may either vote “For” all the nominees to our board of directors or you may “Withhold” your vote for any nominee you specify. For each of the other matters to be voted on, you may vote “For” or “Against” or abstain from voting. The procedures for voting are fairly simple:

Shareholder of Record: Shares Registered in Your Name

If you are a shareholder of record, you may vote by proxy using the enclosed proxy card or in person at the annual meeting. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person if you have already voted by proxy.

- *Voting Your Proxy By Mail.* To vote using the proxy card, simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.
- *Vote in Person.* To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from Lifeline. Simply complete and mail the proxy card to ensure that your vote is counted.

Our board of directors recommends a vote “For” the election of each of our director nominees listed below, and “For” the other proposals described in this proxy statement.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of series A common stock you own as of October 13, 2006.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count “For” and “Withhold” and, with respect to proposals other than the election of directors, “Against” votes, abstentions and broker non-votes. If your shares are held by your broker as your nominee in “street name”, you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. When a broker indicates on its proxy that it does not have authority to vote certain shares held in street name on particular proposals, the shares not voted are called “broker non-votes.” Broker non-votes occur when brokers do not have discretionary voting authority on certain proposals under the rules of the New York Stock Exchange and the beneficial owner has not instructed the broker how to vote on these proposals.

[Table of Contents](#)

Because the approval of each proposal (other than the election of directors) requires the affirmative vote of a majority of the outstanding shares of series A common stock, abstentions and broker non-votes will be counted towards the vote total for each such proposal and will have the same effect as “Against” votes.

How many votes are needed to approve each proposal?

If a quorum is present, then:

- For the election of directors, the nine nominees receiving the most “For” votes (among votes properly cast in person or by proxy) will be elected;
- The proposal to amend and restate the Company’s Articles of Incorporation will be approved if a majority of the outstanding shares of series A common stock vote “For” such amended and restated Articles of Incorporation;
- The Company’s 2007 Long-Term Incentive Plan will be approved if a majority of the outstanding shares of series A common stock vote “For” the plan; and
- The ratification of Gordon, Hughes & Banks, LLP as the Company’s independent auditor for the fiscal year ended June 30, 2007 will be approved if a majority of the outstanding shares of series A common stock vote “For” such ratification.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

- You may submit another properly completed proxy card with a later date;
- You may send a written notice that you are revoking your proxy to Lifeline’s Secretary at 6400 South Fiddler’s Green Circle, Suite 1970, Greenwood Village, Colorado, 80111; or
- You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank to change your vote.

What is the quorum requirement?

A quorum of shareholders is necessary to hold a valid meeting. A quorum will be present if at least one-third of the outstanding shares are represented by shareholders present at the meeting or by proxy. On the record date, there were 22,118,034 shares of series A common stock outstanding and entitled to vote. Thus, 7,372,678 shares of series A common stock must be represented by shareholders present at the meeting in person or by proxy to constitute a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, a majority of our shareholders entitled to vote at the meeting, present in person or by proxy, shall have the power to adjourn the meeting to another date.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in our quarterly report on Form 10-QSB for the second quarter of fiscal year 2007, which we expect to file on or before February 14, 2007. You can obtain a copy of the Form 10-QSB by logging on to our website at www.lifelinetherapeutics.com, by calling the Securities and Exchange Commission at (800) SEC-0330 for the location of the nearest public reference room, or through the EDGAR system at www.sec.gov. Our website does not constitute part of this proxy statement.

IT IS THE INTENTION OF THE AGENTS DESIGNATED IN THE ENCLOSED PROXY CARD TO VOTE “FOR” THE ELECTION OF EACH NOMINEE FOR DIRECTOR IDENTIFIED BELOW (UNLESS AUTHORITY IS WITHHELD BY THE SHAREHOLDER GRANTING THE PROXY) AND “FOR” PROPOSALS 2, 3 AND 4 BELOW. IF ANY NOMINEE BECOMES UNAVAILABLE TO SERVE FOR ANY REASON, THE PROXY WILL BE VOTED FOR A SUBSTITUTE NOMINEE OR NOMINEES TO BE SELECTED BY THE COMPANY’S BOARD OF DIRECTORS, UNLESS THE SHAREHOLDER WITHHOLDS AUTHORITY TO VOTE FOR THE ELECTION OF DIRECTORS.

PROPOSAL 1 – ELECTION OF DIRECTORS

Lifeline’s board of directors consists of nine directors. Our board of directors proposes that Mr. Javier W. Baz; Dr. James D. Crapo; Dr. Larry Gold; Mr. James J. Krejci; Mr. William L. Lister; Dr. Joe M. McCord; Mr. Stephen K. Onody; Mr. H. Leigh Severance and Mr. John B. Van Heuvelen be elected as directors of the Company. Each director to be elected will hold office until the next annual meeting of shareholders and until his successor is elected and qualified. We encourage nominees for directors to attend the annual meeting.

Directors are elected by a plurality of the votes properly cast in person or by proxy. Cumulative voting is not permitted. The nine nominees receiving the highest number of affirmative votes will be elected. Shares represented by properly executed proxies will be voted, if authority to do so is not withheld, for the election of the nine nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted to fill any vacancy so arising in accordance with the discretionary authority of the persons named in the proxy, unless contrary instructions are given. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

Board Recommendation

Our board of directors recommends the shareholders vote FOR each named director nominee.

Director Independence

In September 2006, our board of directors undertook a review of the independence of the members of our board of directors' audit committee and nominating committee. The purpose of this review was to determine whether any relationships or transactions involving the members of these committees, their family members and affiliates were inconsistent with a determination that the member is "independent." Even though our shares are not traded on an exchange, in order to determine whether these members are independent, the Securities and Exchange Commission rules require that we use the definition of "independence" of a national securities exchange (like the New York Stock Exchange or the Nasdaq Stock Market) or national securities association when making this determination. In determining the independence of the members of our audit committee and nominating committee, our board of directors elected to use the definition of independence contained in Nasdaq's listing requirements. Based on that review, our board of directors has determined that each of James J. Krejci, H. Leigh Severance and John B. Van Heuvelen qualify as "independent" members of the audit committee and that each of James J. Krejci and H. Leigh Severance qualify as "independent" members of the nominating committee.

Compensation of Directors

Cash Compensation. Our current policy is to pay directors \$30,000 for each full year served as a director. We have paid each of Messrs. Baz, Severance, and Krejci the sum of \$30,000 for their first year of service on our board of directors and \$20,000 for their first year of service on the executive committee of our board of directors (under the previous policy). We have paid Dr. Crapo the sum of \$30,000 for his first year of service on our board of directors. We also reimburse our directors for travel related expenses related to Company business.

Compensation of Former Chairman. On October 12, 2005, we agreed that Mr. Baz would continue to serve as chairman of our board of directors from October 1, 2005 through September 30, 2006 with the following compensation (in addition to the cash compensation being paid to him as a director and a member of the executive committee of our board of directors): for each month from October 1, 2005 through September 30, 2006, the Company would grant Mr. Baz warrants to purchase 10,000 shares of our series A common stock at an exercise price equal to the volume weighted average trading price of our series A common stock on the Wednesday of each month that immediately preceded the last Thursday of that month. If that Wednesday was not a trading day, then the exercise price would be equal to the volume weighted average trading price on the first trading day immediately preceding that Wednesday. Each warrant would be issued at the close of business on the trading day on which its exercise price is determined, and it will expire at the close of business on the second anniversary of that trading day. In connection with the adoption of the 2006 Stock Option Plan on February 28, 2006

Table of Contents

Mr. Baz's compensation arrangement was amended so that all warrants that were to be granted for the remainder of his term under this agreement were granted on such date at an exercise price of \$3.37 per share. Mr. Baz was replaced as Chairman of our board of directors by John Van Heuvelen in September 2006.

Director Option Grants. For the 2006 calendar year, each member of the audit committee, marketing committee, science committee, and executive committee of our board of directors received options to acquire 12,000 shares of our series A common stock, with the chairman of each of the audit committee, marketing committee, and science committee receiving options to acquire 24,000 shares of our series A common stock. For the 2006 calendar year, each member of the compensation committee and nominating committee of our board of directors received options to acquire 6,000 shares of our series A common stock, with the chairman of each of the compensation committee and nominating committee receiving options to acquire 12,000 shares of our series A common stock. Each of these options has an exercise price of \$3.37. One-twelfth of each of these options vested on February 1, 2006, with the remainder of each option vesting in eleven equal monthly installments on the last calendar day of each month, beginning February 28, 2006. In the event that, for whatever reason, a committee member's service on a committee is terminated, that committee member shall lose that portion of the option that has not vested as of the last day of such committee member's service on that committee. The Chairman of the board of directors and the Chief Executive Officer are not entitled to receive any options described in this paragraph.

The director option grants described above were made pursuant to our 2006 Stock Option Plan. Our board of directors approved the termination of the 2006 Stock Option Plan and adopted the new 2007 Long-Term Incentive Plan (the "Incentive Plan"). In addition, our compensation committee approved the replacement of all awards of stock options made under the 2006 Stock Option Plan (including the option grants to directors set forth above), subject in all cases to the approval of the grantees. The new grants replacing these options made under the 2006 Stock Option Plan were made under the new Incentive Plan and are granted to the same director grantees who were awarded options under the 2006 Stock Option Plan. These new grants are on substantially the same terms as the options granted under the 2006 Stock Option Plan, including as to the same number of underlying shares. The exercise price under the new options remains the same \$3.37 per share as under the terminated options (on the record date, the last sale price for our series A common stock was \$0.80). In addition, these new option grants vest on the same dates as the existing options and the expiration dates are the same under the new option grants as under the existing options. The 2006 Stock Option Plan is described in more detail in the section titled "Equity Compensation Plan Information – 2006 Stock Option Plan."

Committees of the Board of Directors

Our board of directors has (i) an audit committee, (ii) a nominating committee and (iii) a compensation committee. Below is a description of each committee of our board of directors.

Audit Committee. The current members of our board of directors' audit committee are Messrs. Krejci, Severance and Van Heuvelen, with Mr. Krejci serving as chairman. Our board of directors has determined that Mr. Van Heuvelen qualifies as an "audit committee financial expert," as that term is defined in applicable SEC regulations. Our board of directors made a qualitative assessment of Mr. Van Heuvelen's level of knowledge and experience based on a number of factors, including his formal education and experience as an executive officer for public reporting companies. In addition to serving on our audit committee, Mr. Van Heuvelen also serves on the audit committee of MasTec, Inc. Our board of directors has determined that such simultaneous service does not impair Mr. Van Heuvelen's ability to effectively serve on our audit committee.

The audit committee oversees (1) the integrity of our financial statements, (2) our compliance with legal and regulatory requirements; (3) the engagement of our independent auditor and its qualifications and independence; (4) the performance of our internal auditors and independent auditor; and (5) compliance with our code of ethics and code of business conduct and ethics for our personnel. For this purpose, the audit committee performs several functions. The audit committee evaluates the performance of and assesses the qualifications and independence of the independent auditors; determines and approves the engagement of the independent auditors; determines whether

to retain or terminate the existing independent auditors or to appoint and engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the audit engagement team as required by law; confers with management and the independent auditors regarding the effectiveness of internal controls over financial reporting; reviews and approves all related-party transactions; prepares an audit committee report as required by the Securities and Exchange Commission to be included in the annual proxy statement; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review our annual audited financial statements and quarterly financial statements with management and the independent auditor, including reviewing disclosures under “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” The audit committee operates under a written charter adopted by our board of directors that is attached as Appendix A to these proxy materials.

Compensation Committee. The current members of our board of directors’ compensation committee are Messrs. Baz, Lister, Severance and Van Heuvelen, with Mr. Severance serving as chairman. The compensation committee reviews and approves our overall compensation strategy and policies. The compensation committee (1) reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers and other senior management; (2) reviews and approves the compensation and other terms of employment of our chief executive officer and other executive officers; (3) makes recommendations to our board of directors regarding new compensation plans and programs, including equity compensation plans; (4) administers the 2007 Long-Term Incentive Plan and any other similar programs and (5) reviews director compensation and recommends from time to time to our board of directors any proposed changes in such compensation. Our board of directors has not yet adopted a written charter for the compensation committee.

Nominating Committee. The current members of our board of directors’ nominating committee are Messrs. Krejci and Severance, with Mr. Severance serving as chairman. The nominating committee of our board of directors is responsible for (1) identifying, reviewing and evaluating candidates to serve as directors of the Company (consistent with criteria set forth below under the section titled “Director Nomination Procedures,” approved by our board of directors), (2) reviewing and evaluating incumbent directors, (3) recommending to our board of directors candidates for election to the board of directors, (4) considering questions of independence of members of the board of directors, and (5) assessing the performance of our board of directors. Our board of directors has not yet adopted a written charter for the nominating committee.

Director Nomination Procedures

Our board of directors has established a nominating committee and assigned certain responsibilities to the committee, but we have not yet adopted a written nominating committee charter. Although our stock is not listed on the New York Stock Exchange or Nasdaq Stock Market and we are not currently required to have a nominating committee charter, our board of directors is nonetheless considering the proposed scope of the nominating committee’s responsibilities to be reflected in a written charter. Currently, the nominating committee evaluates and reviews director nominee candidates and our board of directors is responsible for proposing a slate of nominees to the shareholders for election to the board, using information provided by the committee. Each of Messrs. Baz, Krejci, Lister, Onody, Severance and Van Heuvelen and Dr. Crapo, Dr. Gold and Dr. McCord were recommended by our board of directors for election at the Annual Meeting.

Our chief executive officer, members of the nominating committee, and other members of our board of directors are the primary sources for the identification of prospective nominees. The nominating committee may also retain third-party search firms to identify director candidates, and the committee may consider proposed nominees that are identified by shareholders in the manner prescribed by our bylaws. In order for a shareholder to recommend a prospective nominee for election to our board of directors at a shareholder meeting, our Bylaws require that the shareholder (i) be entitled to vote at the meeting, (ii) provide written advance notice regarding such nomination to our corporate Secretary and (iii) be a shareholder of record at the time of giving the notice. For a description of the required contents and applicable deadlines for this shareholder notice, see “Shareholders’ Proposals and Nominations for 2007 Annual Meeting.”

Table of Contents

While the nominating committee currently has no formal written process for evaluating proposed nominees, the members of the committee generally will review the resume of a proposed nominee and consult the proposed nominee's personal references. The nominating committee conducts any other appropriate and necessary background checks of possible candidates. The committee may also personally interview (and suggest that other members of our board of directors interview) the proposed nominee, if the committee considers the proposed nominee sufficiently suitable.

The nominating committee evaluates the prospective nominee in order to determine whether the nominee has experience and expertise in our industry, the ability to offer sound advice and guidance to management, sufficient time to devote to the affairs of the Company, and has demonstrated excellence in his or her field and the ability to exercise sound business judgment. Candidates for director nominees are reviewed in the context of the current composition of our board of directors, the operating requirements of the Company and its long-term best interests. In conducting this assessment, the nominating committee considers diversity, age, skills, and such other factors as it deems appropriate given the current needs of our board of directors and the Company, to maintain a balance of knowledge, experience and capability. In the case of incumbent directors whose terms of office are set to expire, the nominating committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. The nominating committee may modify these qualifications from time to time and is currently considering whether to establish a set of corporate governance practices and policies with additional standards and qualifications.

After its evaluation of a candidate's qualifications, the nominating committee then selects a nominee for recommendation to our board of directors by majority vote. The board determines the nominees after considering the recommendation and report of the nominating committee.

To date, the nominating committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates and the nominating committee has not rejected a timely director nominee from a shareholder or shareholders holding more than 5% of our voting stock.

As we have described above in the section titled "Director Independence," in the opinion of the Board the members of the nominating committee, James J. Krejci and H. Leigh Severance, qualify as "independent" pursuant to the definition of independence established by Nasdaq's listing requirements.

Other Committees

In addition to the audit committee, compensation committee and nominating committee, our board of directors also has formed an executive committee, a science committee and a marketing committee. The current members of the executive committee are H. Leigh Severance, Stephen K. Onody, Javier W. Baz and James J. Krejci. The current members of the science committee are Dr. Crapo, Dr. McCord and Messrs. Lister, Van Heuvelen and Onody with Dr. Crapo serving as chairman. William L. Lister, James J. Krejci, Stephen K. Onody and H. Leigh Severance, serve on a marketing committee, with Mr. Krejci serving as chairman. Each of these other committees meet on an ad hoc basis as our board of directors deems necessary to review and advise the board of directors with respect to matters assigned by the board from time to time. These other committees do not have formal written charters.

Meetings of the Board of Directors

During the last fiscal year, our board of directors held twelve meetings, the audit committee held nine meetings, the compensation committee held one meeting and the nominating committee did not meet. Each of our incumbent directors except Dr. Crapo, attended at least 75% of the aggregate of (1) the total number of meetings of our board of directors (held during the period for which he has been a director) and (2) the total number of meetings held by all committees of our board of directors on which they served (held during the periods that he served). Although we did not hold an annual meeting last year, directors are encouraged to attend our annual meeting of shareholders, including the annual meeting to be held this year.

Director Resignations and Disagreements

On November 11, 2005, Paul Myhill resigned as a member of the board of directors, member of the Executive Committee and as Vice President of the Company. In connection with his resignation, Mr. Myhill provided us with a letter of resignation in which he made a number of suggestions for improving some of the Company's operations, policies and practices. Specifically, Mr. Myhill recommended that we provide information to our shareholders and the investment community on a more regular basis. He advised us to improve our marketing message and marketing resources by helping our advisors better understand our business, hiring experienced marketing personnel, allocating additional resources to our marketing department and acquiring new marketing employees with specific expertise in dietary supplements. Additionally, Mr. Myhill suggested that we consider new advertising media to promote our product. He also recommended that we better defend our intellectual property rights. He asked us to support the goal of giving towards global charitable causes. Mr. Myhill advised that we develop companion nutritional products for our existing product, Protandim®. Finally, he suggested that the Chief Executive Officer should be granted more authority and advised that we should consider terminating the Company's then existing outside legal counsel.

Employment, Severance and Change of Control Agreements

Stephen Onody Employment Agreement

In connection with his appointment as our Chief Executive Officer, we entered into an employment agreement with Mr. Onody effective November 28, 2005. Unless sooner terminated pursuant to the terms of the agreement, the term of his employment as our Chief Executive Officer will be from November 28, 2005 to November 28, 2008. Mr. Onody is entitled to an annual base salary of \$280,000 and will be eligible to receive an annual bonus equal to 30% of his base salary based upon meeting certain operating and financial benchmarks to be established by our compensation committee. Mr. Onody will also be eligible to participate in our standard benefit plans and will also be eligible for \$1,000,000 in life insurance coverage. In addition, Mr. Onody was granted an option to purchase 1,000,000 shares of our series A common stock, with the purchase price equal to the weighted average price of our series A common stock on November 28, 2005. Based on this calculation, the exercise price of this option is \$3.47. The stock option vests and becomes exercisable in the amounts set forth below based upon the weighted average trading price of our series A common stock for a consecutive 90 day period:

Portion of Option Vesting	Common Stock Price
1/3	\$ 8.00
1/3	\$14.00
1/3	\$18.00

To the extent not previously vested pursuant to the terms of the agreement, one-third of the stock option vests on November 28, 2006 and the remaining two-thirds vests quarterly in eight equal installments, beginning ninety days after November 28, 2006 and ending on November 28, 2008. If after November 28, 2006 and prior to November 28, 2007 there is a “change in control” of the Company, the Company terminates the agreement without Cause (as defined in the employment agreement), or Mr. Onody terminates the agreement with Good Reason (as defined in the employment agreement), then one-third of the option that has not already vested as of such date will immediately vest, and if one of these events occurs after November 28, 2007 but prior to November 28, 2008, two-thirds of the option that has not already vested will immediately vest.

Our compensation committee approved the replacement of these options with a new grant to Mr. Onody under our new 2007 Long-Term Incentive Plan and a simultaneous termination of the options originally granted pursuant to the agreement. The new grant is on substantially the same terms as the terminated options, including as to number of underlying shares, exercise price, vesting schedule and expiration date. The 2007 Long-Term Incentive Plan is described in more detail in the section titled “Proposal 3 – Approval of the 2007 Long-Term Incentive Plan.”

During the term of his employment and for twenty-four months thereafter, Mr. Onody has agreed not to compete with us in the nutraceutical business through the manufacture or distribution of antioxidant pills or other products that compete with the products we manufacture or distribute as of the last day he is employed by us. These non-competition provisions apply in any area in the world where we conduct our business. In addition, during this time, Mr. Onody has agreed not to solicit our employees, customers or suppliers.

If Mr. Onody is terminated without Cause or resigns for Good Reason, then we will pay him severance in the amount of (i) his accrued unpaid base salary to the date of termination or resignation and any bonus earned but not paid as of that date, and (ii) continuation of his annual base salary as of the date of termination or resignation for a period equal to the greater of (a) the number of months remaining in the employment term as of the date of termination or resignation (not to exceed 12 months), or (b) six months. During any severance period, Mr. Onody will be eligible to participate, at our cost, in all benefit plans he participated in at the time of termination. If Mr. Onody is terminated with Cause or resigns without Good Reason, then he will be entitled to his base salary plus any bonus that has been approved and declared earned and payable prior to the date of such termination.

Gerald Houston Employment Agreement

2009. Mr. Houston is entitled to an annual base salary of \$190,000 and will be eligible to receive an annual bonus equal to 30% of his base salary based upon meeting certain operating and financial benchmarks to be established by our compensation committee. Mr. Houston will also be eligible to participate in our standard benefit plans. In addition, we reimbursed Mr. Houston for \$25,000 of his relocation expenses. Mr. Houston was granted an option to purchase 240,000 shares of the our series A common stock, with the purchase price equal to the weighted average price for our series A common stock on January 4, 2006. Based on this calculation, the exercise price of this option is \$2.00. The stock option vests and become exercisable in the amounts set forth below based upon the weighted average trading price of our series A common stock for a consecutive 90 day period:

<u>Portion of Option Vesting</u>	<u>Common Stock Price</u>
1/3	\$ 8.00
1/3	\$14.00
1/3	\$18.00

To the extent not previously vested pursuant to the terms of the agreement, one-third of the stock option vests on January 4, 2007 and the remaining two-thirds vests quarterly in eight equal installments, beginning ninety days after January 4, 2007 and ending on January 4, 2009. Our compensation committee approved the replacement of these options with a new grant to Mr. Houston under our new 2007 Long-Term Incentive Plan and a simultaneous termination of the options originally granted pursuant to the agreement. The new grant is on substantially the same terms as the terminated options, including as to number of underlying shares, exercise price, vesting schedule and expiration date. The 2007 Long-Term Incentive Plan is described in more detail in the section titled "Proposal 3 – Approval of the 2007 Long-Term Incentive Plan."

During the term of his employment and for twenty-four months thereafter, Mr. Houston has agreed not to compete with us in the nutraceutical business through the manufacture or distribution of antioxidant pills or other products that compete with the products we manufacture or distribute as of the last day Mr. Houston is employed by us. These non-competition provisions apply in any area of the world where we conduct our business. In addition, during this time, Mr. Houston has agreed not to solicit our employees, customers or suppliers.

If Mr. Houston is terminated without Cause (as defined in the employment agreement) or resigns for Good Reason (as defined in the employment agreement), then we will pay him severance in the amount of (i) his accrued unpaid base salary to the date of termination or resignation and any bonus earned but not paid as of that date, and (ii) continuation of his annual base salary as of the date of termination or resignation for six months. If Mr. Houston is terminated with Cause or resigns without Good Reason, then he will be entitled to his base salary plus any bonus that has been approved and declared earned and payable prior to the date of such termination.

Brenda March Agreement

Pursuant to the agreement, we paid Ms. March a salary of \$1,200 a day, along with warrants to purchase 2,400 shares of our series A common stock during each month of her employment, pro rated for any fraction of a month served. The warrants have an exercise period of two years, and the exercise price is equal to the volume weighted average trading price for our series A common stock for each Friday of the month that the warrants were issued. During her tenure, we issued Ms. March warrants to purchase 13,942 shares with exercise prices ranged between \$3.13 and \$9.85 per share. We have no obligation to provide Ms. March with any health or major medical benefits, stock, or bonus payments, however Ms. March was eligible for the Company employee retirement, 401(k) plan, and for vacation and holidays consistent with our policies that apply to senior management.

During the period that Ms. March was our interim Chief Executive Officer, we also paid Tatum a fee of \$300 a day, along with warrants to purchase 600 shares of our series A common stock each month, pro rated for any fraction of a month, with terms identical to the warrants issued to Ms. March. During the term of the agreement, we granted warrants to purchase 3,486 shares to Tatum for exercise prices ranging from \$3.13 to \$9.85 per share.

On November 28, 2005, we terminated the agreement with Tatum and hired Stephen K. Onody as our Chief Executive Officer.

William Driscoll Agreement

On July 1, 2005, we entered into an agreement with William J. Driscoll, our former President and Chief Executive Officer and a holder of over 5% of our outstanding series A common stock, pursuant to which Mr. Driscoll agreed not to compete with our business activities that are in or about any anti-oxidant or anti-oxidant therapies, products or markets, or solicit any of our customers, vendors, employees, directors, or consultants for a period of three years. Mr. Driscoll also agreed not to disclose or reveal to any person or entity any of our trade secrets or confidential information. Mr. Driscoll also agreed, pursuant to a separate voting agreement and irrevocable proxy dated July 1, 2005, to vote his shares of series A common stock as directed by our board of directors until July 1, 2015. In exchange, we agreed to pay Mr. Driscoll severance pay of \$45,000 plus a total of \$210,000 payable in semi-monthly installments of \$7,500 commencing July 15, 2005 and terminating on August 31, 2006. We also agreed to provide family health insurance coverage of Mr. Driscoll and members of his family under our health insurance plan, both until September 1, 2006.

Certain Relationships and Related Transactions**Stock Issuances**

In November 2004, we donated 200,000 shares of our series A common stock to the Lifeline Orphan Foundation of which Paul R. Myhill is a Trustee. Mr. Myhill is a former Vice President of the Company and currently owns over 5% of our outstanding series A common stock.

In March 2005, we acquired 4,500,000 shares of the common stock of Lifeline Nutraceuticals Corporation, constituting the remaining minority interest in Lifeline Nutraceuticals, from Michael Barber. In exchange for his shares of Lifeline Nutraceuticals, we issued 1,000,000 shares of our series A common stock to Mr. Barber. We valued the transaction at \$5.31 per share based on the then trading price of our stock, discounted due to the thinly traded nature of our series A common stock. Mr. Barber also entered into a covenant not to compete with us for which we paid him \$250,000.

Private Offering

In April and May 2005, we offered and sold Company units to investors through a private placement offering, with each unit consisting of 10,000 shares of our series A common stock and a warrant to purchase 10,000 shares of common stock for \$2.50 per share, exercisable through April 18, 2008. We sold the units in exchange for cash or outstanding bridge notes and convertible notes (including accrued interest). The bridge notes were issued by us and our subsidiary, Lifeline Nutraceuticals, to investors in 2004 and January and February 2005, and we issued the convertible notes to investors in 2003 and 2004. The convertible notes were convertible into our series A common stock at a rate of \$2.00 per share, and in the exchange transaction we agreed to issue shares of our series A common stock to holders of bridge notes and convertible notes based on an exchange rate of \$2.00 of principal and accrued interest under such notes per share of our series A common stock. Certain of our current and former directors and officers took part in this offering on the same terms as other participants in the offering. The following table discloses information regarding their participation in the offering:

PROPOSAL 2 – AMENDMENT AND RESTATEMENT OF ARTICLES OF INCORPORATION

General

Our board of directors has approved and recommend that the shareholders approve the amendment and restatement of the Company’s articles of incorporation (the “Amended and Restated Articles”). Eight of the nine directors were present at the meeting approving and recommending that the shareholders approve the Amended and Restated Articles and all directors present voted to approve the Amended and Restated Articles.

Reasons for Adoption of the Amended and Restated Articles

As part of its continuing efforts to improve the corporate governance of the Company, our board of directors has reviewed and evaluated the Company’s existing corporate governance documents, including our articles of incorporation, as amended (the “Existing Articles”). Our original articles of incorporation were adopted in 1988. While the Company has amended these articles of incorporation over the years, the operative provisions of the Existing Articles have been largely unchanged for the past 18 years. In addition, the amendments that the Company has filed have never been merged with the original articles of incorporation into a cohesive, consolidated document. Finally, at the time our original articles of incorporation were adopted, they were governed by the provisions of the Colorado Corporation Code (the “Colorado Code”), the law that governed Colorado corporations like the Company at the time. The Colorado Code was repealed in 1994 and replaced with the Colorado Business Corporation Act (“CBCA”). Despite the fact that the Colorado Code was repealed and the Company is now governed by the provisions of the new law, the Existing Articles still contain a number of references to sections or provisions under the repealed Colorado Code. The board determined that it is in the best interests of our Company and shareholders to amend and restate the Existing Articles to modernize our Existing Articles, remove unnecessary and outdated references, include new references to the CBCA and conform our Existing Articles to the provisions of the CBCA. The Amended and Restated Articles would also effect a change of our name to “Lifevantage Corporation.”

The Amended and Restated Articles change certain rights of our shareholders. Among these changes, the Amended and Restated Articles contain a provision that would prohibit certain business combination transactions between the Company and an interested shareholder (owning 15% or more of the Company’s shares) for a period of 3 years, unless the transaction receives requisite approval of the board of directors and/or our shareholders. In addition, the Amended and Restated Articles would permit the Company’s authorized preferred stock to have voting rights, as designated by our board of directors. Another provision would increase the quorum requirement for shareholders to act at a shareholder meeting from the current one-third of all shares entitled to vote, to a majority of the votes entitled to be cast on a matter by the shareholders.

If the proposal to adopt the Amended and Restated Articles is approved, it will result in certain changes in your rights as a shareholder. We have summarized these changes and other differences below under the section entitled “Comparison of Shareholder Rights Before and After Adoption of Amended and Restated Articles.” This summary regarding the Amended and Restated Articles is qualified in its entirety by reference to the text of the Amended and Restated Articles, attached to this proxy statement as [Appendix C](#).

Previously, our board of directors amended and restated our Company’s Bylaws pursuant to the CBCA as part of its effort to improve the Company’s corporate governance documents generally. We filed these Bylaws as an exhibit to a Current Report on Form 8-K with the Securities and Exchange Commission on October 6, 2006.

Comparison of Shareholder Rights Before and After Adoption of Amended and Restated Articles

Because of differences between the Existing Articles and the Amended and Restated Articles, the adoption of the Amended and Restated Articles will effect certain changes in the rights of our shareholders.

Summarized below are the most significant differences between the rights of our shareholders under the Existing Articles and under the Amended and Restated Articles. The Existing Articles and our bylaws are available for inspection during business hours at our principal executive offices at 6400 South Fiddler’s Green Circle, Suite 1970, Greenwood Village, Colorado. In addition, copies may be obtained by writing to the Company’s Secretary at the same address.

Table of Contents

The summary below is not an exhaustive list of all differences or a complete description of the differences described, and is qualified in its entirety by reference to the Existing Articles and the Amended and Restated Articles.

<u>Existing Articles</u>	<u>Amended and Restated Articles</u>
<i>Name</i>	
The Company's current corporate name in the Existing Articles is "Lifeline Therapeutics, Inc."	The Company's new name under the Amended and Restated Articles would change to "Lifevantage Corporation."
<i>Authorized Shares</i>	
The Company's Existing Articles authorize the Company to issue 250 million shares of Series A Common Stock, 250 million shares of Series B Common Stock and 50 million shares of Preferred Stock.	The Amended and Restated Articles would authorize the Company to issue 250 million shares of Common Stock and 50 million shares of Preferred Stock. The Amended and Restated Articles would eliminate the authorized non-voting, Series B Common Stock, none of which were ever issued. In addition, the Company's Series A Common Stock will be redesignated as "Common Stock" as a result of the adoption of the Amended and Restated Articles.
<i>Preferred Stock</i>	
The Company's Existing Articles provide that any Preferred Stock will be nonvoting stock.	The Amended and Restated Articles do not specify whether the Preferred Stock will be voting or nonvoting stock. If our board of directors determines to issue Preferred Stock pursuant to the authority granted under the Amended and Restated Articles, it may designate the preferences, limitations, and relative rights of any class or series of Preferred Stock, which may include voting rights. See "Anti-Takeover Implications – Voting Rights of Preferred Stock" below.
<i>Shareholder Approval</i>	
The Existing Articles provide that, whenever the shareholders must approve or authorize a matter, the affirmative vote of a majority of the shares outstanding is necessary to constitute approval or authorization.	The Amended and Restated Articles provide that, unless otherwise provided in the Amended and Restated Articles or under the CBCA, shareholders acting at a meeting may approve a matter if the votes in favor exceed the votes opposed to the matter. This shareholder approval standard is the generally applicable standard set forth in Section 7-107-206 of the CBCA, unless a company adopts a higher approval requirement for certain actions. The Amended and Restated Articles contain a higher approval requirement for the approval of certain business

Existing Articles

Amended and Restated Articles

The Existing Articles provide that, at all meetings of the shareholders, one-third of all shares entitled to vote will constitute a quorum.

combinations (see “Restrictions on Certain Business Combinations” below). The Amended and Restated Articles also retain a requirement that is included in our Existing Articles requiring the affirmative vote of at least 2/3 of the total voting power of the Company’s shareholders to amend a provision in the Amended and Restated Articles which limits a director’s personal liability for breach of his or her fiduciary duties to the maximum extent permitted by applicable Colorado law.

Quorum

As discussed below, the Amended and Restated Articles provide that a majority of the votes entitled to be cast on the matter by a voting group constitutes a quorum of that voting group for action on that matter. See “Anti-Takeover Implications – Change to Quorum Requirement” below.

Cumulative Voting

A Colorado corporation can permit its shareholders to use cumulative voting rights in the election of directors. If permitted by a corporation, cumulative voting rights would allow a shareholder to aggregate the total number of shares he or she could cast for all directors and apply all of them to vote for a single director. The Existing Articles do not permit cumulative voting in the election of directors.

The Amended and Restated Articles, like the Existing Articles, do not permit cumulative voting.

Restrictions on Certain Business Combinations

The Existing Articles do not contain explicit restrictions on business combinations, although the CBCA requires shareholder approval of amendments to a company’s articles of incorporation, certain mergers, share exchanges and sales of corporate property, among other matters.

As discussed below, the Amended and Restated Articles include a provision that imposes a three-year moratorium on certain business combinations with “interested shareholders” (generally, persons who own, individually or with or through other persons, 15% or more of the corporation’s outstanding voting stock), unless the business combination is approved in a prescribed manner. See “Anti-Takeover Implications – Restrictions on Certain Business Transactions.”

Anti-Takeover Implications

While our board of directors believes that the foregoing benefits and advantages of the Amended and Restated Articles are significant, some shareholders may find that certain provisions of the Amended and Restated Articles are disadvantageous. Colorado, like many other states, permits a corporation to adopt a number of measures through amendment of its articles of incorporation or bylaws or otherwise, which measures are designed to reduce the corporation’s vulnerability to unsolicited takeover attempts. Certain provisions of the Amended and Restated Articles which may have such an effect are discussed below. It should be noted, however, that these

Table of Contents

provisions were not proposed to prevent such a change in control, and the board of directors is not aware of any present attempt to acquire control of the Company, or to obtain representation on the board of directors.

Restrictions on Certain Business Combinations

The Amended and Restated Articles include a prohibition on certain business combination transactions between a company and an interested shareholder (someone who owns or has the right to acquire 15% or more of the Company's shares individually or with or through certain other persons or entities) for a period of 3 years, unless the business combination is approved in a prescribed manner. This provision may have the effect of discouraging certain takeover attempts which are not approved by our board of directors.

The provision in the Amended and Restated Articles is similar to a Delaware statutory provision found in Section 203 of the Delaware General Corporation Law. The terms of the provision in the Amended and Restated Articles are contained in Article XI of the Amended and Restated Articles. Under this provision, an interested shareholder cannot enter into certain business combination transactions with the Company for 3 years after obtaining its 15% stake unless: (i) prior to becoming an interested shareholder, our board of directors approves the proposed business combination or the transaction that resulted in the person becoming an interested shareholder; (ii) upon completing the transaction which resulted in the person becoming an interested shareholder, the shareholder owned at least 85% of the voting shares of the Company that are not held by officers who are also directors or by employee stock plans that do not pass confidential voting rights through to the employees; or (iii) at or after the 15% threshold is crossed, our board of directors and the holders of 2/3 of our outstanding shares not owned by the interested shareholder approve the business combination proposal.

The term "business combination" is defined to include mergers with or caused by the interested shareholder, certain sales or other dispositions of the Company's or its subsidiary's assets to the interested shareholder, certain issuances or transfers by the Company or a subsidiary of the Company's stock to the interested shareholder (except for certain transfers and pro rata distributions that do not increase the interested shareholder's proportionate ownership of the Company's or its subsidiary's stock), or receipt by the interested shareholder of certain loans, advances, guarantees, pledges or other financial benefits through the Company or its subsidiary.

By including this provision, the Company could create an incentive for a person wishing to effect a business combination with the Company to negotiate with and obtain approval of our board of directors before acquiring 15% or more of the Company. Our board of directors believes that certain unsolicited takeover attempts could be unfair or disadvantageous to the Company and our shareholders because, among other reasons, a non-negotiated takeover bid: (i) may be timed to take advantage of temporarily depressed share prices; (ii) may be designed to foreclose or minimize the possibility of more favorable competing bids or alternative transactions; and (iii) may involve the acquisition of only a controlling interest in the Company's shares, without affording all shareholders the opportunity to receive the same economic benefits.

By contrast, in a transaction in which a potential acquirer must negotiate with an independent board of directors, the board can and should take account of the underlying and long-term values of the corporation's business, technology, and other assets, the possibilities for alternative transactions on more favorable terms, possible advantages from a tax-free reorganization, anticipated favorable developments in the corporation's business not yet reflected in the share price, and equality of treatment of all shareholders.

Despite the belief of our board of directors as to the benefits to shareholders of this business combination provision, it may be disadvantageous to the extent that it has the effect of discouraging a future takeover attempt which is not approved by our board of directors and, in certain cases, by a 2/3 majority of the outstanding shares, but which a majority of the shareholders may deem to be in their best interests or in which shareholders may receive a substantial premium for their shares over the then current market value or over their cost bases in such shares. Thus, the provision could effectively give the board of directors or a minority of the outstanding shares a veto right over certain business combination transactions. As a result, shareholders who might wish to participate in an unsolicited tender offer may not have an opportunity to do so. These disadvantages could also have an adverse effect on the market value of the Company's shares. Additionally, to the extent that this provision may restrict or discourage takeover attempts, it may render less likely a takeover opposed by our board of directors and may make removal of our board of directors or management less likely as well.

Voting Rights of Preferred Stock

The Company's Existing Articles authorize our board of directors to issue up to 50 million shares of preferred stock in series with rights and preferences designated at the time of issuance by our board of directors. There are currently no shares of preferred stock of the Company issued or reserved for issuance. The Existing Articles provide that the authorized shares of preferred stock will be non-voting shares. As a result, under our Existing Articles, our board of directors could issue shares of preferred stock and specify certain rights and preferences of the preferred stock, including, without limitation, the dividend, liquidation, redemption and conversion rights, but the board of directors could not provide voting rights for the preferred stock, unless otherwise required by applicable law.

The Amended and Restated Articles would authorize our board of directors to provide for the issuance of up to 50 million shares of preferred stock in one or more series or classes, with designations, preferences, limitations, and relative rights as expressed in articles of amendment adopted by the Board of Directors. While the number of authorized shares of preferred stock would not change, the Amended and Restated Articles, unlike the Existing Articles, would permit our board of directors to provide for voting rights of the preferred stock. The board of directors could provide that the preferred stock could vote (i) with shares of common stock on a share-for-share basis, (ii) on an as converted basis with the common stock, (iii) on certain extraordinary corporate matters including mergers, acquisitions, dispositions or asset sales, or (iv) on another basis as determined by the board of directors.

The board of directors believes this change would provide the Company with more flexibility in capital raising or other transactions in which shares of preferred stock are issued. For example, in certain circumstances, investors may wish to invest in the Company's equity securities if those securities enjoy certain preferences with respect to dividends, liquidation, redemption, or other matters. These investors may also require that the Company grant certain voting rights to them as a condition to making the investment. The board of directors believes that the Company should have sufficient flexibility in structuring these transactions so that the Company can achieve the best possible pricing and other terms through the issuance of preferred stock.

Despite the belief of our board of directors as to the benefits to shareholders of this business combination provision, it may be disadvantageous and have an anti-takeover effect to the extent that designating and issuing a series of preferred stock with voting rights could be used to create voting impediments or to frustrate persons seeking to effect a merger or to otherwise gain control of the Company. For example, the terms of a series of preferred stock could require the approval of the holders of the series of preferred stock in order for the Company to consummate certain extraordinary corporate transactions like mergers with another entity or sales of the Company's assets, among other matters. These shares could be privately placed in certain circumstances approved by the board of directors. If any shares of preferred stock are issued with voting powers, the voting power of the outstanding series A common stock would be diluted. No shares of preferred stock are presently outstanding, and the Company has no present plan, intention, arrangement or agreement regarding the issuance of any shares of preferred stock.

Change to Quorum Requirement

Under the CBCA, a company's articles of incorporation may establish the number of shares that must be present at a shareholder meeting in order for the shareholders to be allowed to act. If a company's articles of incorporation are silent on the quorum requirement, then the CBCA provides that a majority of the votes entitled to be cast on the matter by a voting group constitutes a quorum of that voting group for action on that matter. In no event may a quorum consist of fewer than one-third of the votes entitled to be cast on the matter by the voting group. Currently, the only voting group consists of holders of our series A common stock, the only capital stock of the Company that is outstanding.

Our Existing Articles provide that one-third of all shares entitled to vote on a matter shall constitute a quorum at a meeting of shareholders, permitting the shareholders to act at the meeting. Based on the current 22,118,034 shares of series A common stock outstanding and entitled to vote, a quorum at a shareholder meeting would be established under our Existing Articles if 7,372,678 shares of series A common stock are represented by shareholders present at the meeting in person or by proxy.

[Table of Contents](#)

The Amended and Restated Articles contain a more typical quorum requirement which provides that, at meetings of shareholders, a majority of the votes entitled to be cast on the matter by a voting group constitutes a quorum of that voting group for action on that matter. Based on the current 22,118,034 shares outstanding and entitled to vote, a quorum at a shareholder meeting would be established if 11,059,018 shares are represented by shareholders present at the meeting in person or by proxy. The board of directors believes that this higher quorum requirement will promote decisions that are more representative of a broader group of shareholders by requiring a larger percentage of shares be present at a meeting for the shareholders to approve actions at the meeting. By encouraging greater participation of our shareholders at our annual and special meetings, the board of directors believes that the proposals presented at these meetings would need to appeal to the interests of more shareholders in order to be adopted.

Despite the belief of our board of directors as to the benefits to shareholders of the higher quorum requirement, it may also make it more difficult to obtain sufficient voting power at a shareholder meeting for our shareholders to act. For example, under the Company's Bylaws, shareholders representing 10% or more of the votes entitled to be cast at a meeting may demand a special meeting of shareholders. Based on the current 22,118,034 shares of series A common stock outstanding, that would mean that shareholders holding 2,211,804 shares could demand a special meeting of shareholders. Under the current quorum requirement, shareholders could take action at that special meeting if 7,372,678 shares were present in person or by proxy. However, under the quorum requirement in the new Amended and Restated Articles, shareholders could not act at the special meeting unless at least 11,059,018 shares were present. As a result, increasing the quorum requirement could have the effect of making it more difficult for shareholders to have sufficient shares present to hold a meeting and take action, including, for example, acting to remove directors from the board of directors or amending the Company's articles of incorporation or bylaws.

Matters in Bylaws with Anti-Takeover Implications

The Company's Bylaws require that shareholders give advance notice to the Company regarding shareholder nominations for the board of directors and the proposal of business to be considered by the shareholders at a shareholder meeting. Pursuant to the Bylaws, a shareholder may nominate a person for the board of directors or propose business at a meeting if the shareholder is a shareholder of record entitled to vote at the meeting, and if the shareholder gives notice in writing to the Company's Secretary at the Company's principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the date on which the Company first mailed its proxy materials for the preceding year's annual meeting. If the date of the annual meeting is changed by more than 30 days from the anniversary date of the previous year's meeting, notice by the shareholder must be delivered not earlier than 120 days prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. If the number of directors to be elected to the board of directors is increased and there is no public announcement naming all of the nominees for director or specifying the size of the increased board of directors at least 100 calendar days prior to the anniversary of the mailing of proxy materials for the prior year's annual meeting of shareholders, then a shareholder's notice shall be considered timely, but only with respect to nominees for any new positions created by such increase, if it is received by the Company's Secretary not later than the close of business on the 10th calendar day following the day on which such public announcement is first made. The shareholder's notice must also set forth certain information as to the shareholder providing notice and as to each person the shareholder proposes to nominate or, as to any other business that the shareholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting.

The board of directors believes that this process for director nominations and shareholder proposals provides shareholders with a clear path for making timely director nominations and for putting matters before the shareholders to vote on at a meeting. Despite the belief of the board of directors as to the benefit to shareholders of the advance notice provision, a bylaw provision requiring that shareholders give advance notice to nominate directors and to bring business before an annual meeting of shareholders could have an anti-takeover effect, in certain circumstances, by preventing a proxy contest from being instituted without the Company having prior notice which could permit the Company more time to prepare for and respond to such a contest. It could also prevent shareholders who overlook the established deadlines from nominating new directors for election to the board of directors or from putting shareholder proposals on the agenda of a shareholder meeting.

Required Vote for the Amendment and Restatement

Approval of the Amended and Restated Articles requires the affirmative vote of a majority of the outstanding shares of our series A common stock. Consequently, abstentions and broker non-votes will be treated as votes “Against” for purposes of approving this proposal.

Effective Time

If the Amended and Restated Articles are approved, the Amended and Restated Articles as set forth in [Appendix C](#) will become effective upon the filing of, and at the date and time specified in the Amended and Restated Articles with the Secretary of State of Colorado upon acceptance thereof by the Colorado Secretary of State. At the effective time, our shareholders’ shares of series A common stock will be reclassified as “Common Stock,” and the rights of our shareholders with respect to these shares of Common Stock will be as summarized in this section describing the Amended and Restated Articles as qualified in its entirety by reference to the text of the Amended and Restated Articles, attached to this proxy statement as [Appendix C](#).

If the Amended and Restated Articles are approved, it is anticipated that our board of directors will cause the Amended and Restated Articles to be filed as promptly as reasonably possible following such approval. However, the filing of the Amended and Restated Articles may be delayed by the board of directors or abandoned by action of our board of directors at any time prior to the effective time of filing, whether before or after the approval by our shareholders, if our board of directors determines for any reason, in its sole judgment and discretion, that the filing should be delayed or would be inadvisable or not in the best interests of the Company and its shareholders, as the case may be.

Effect of Not Obtaining the Required Vote for Approval

If the Amended and Restated Articles fail to obtain the requisite vote for approval, the Amended and Restated Articles will not be approved and we will continue to operate under our Existing Articles.

Regulatory Approval

To the Company’s knowledge, the only required regulatory or governmental approval or filing necessary in connection with the Amended and Restated Articles will be the filing of the Amended and Restated Articles with the Secretary of State of Colorado.

No Dissenters’ Rights

Under the CBCA, our shareholders are not entitled to dissenters’ rights with respect to the approval of the Amended and Restated Articles, and we will not independently provide shareholders with any such right.

Board Recommendation

Our board of directors recommends the shareholders vote FOR the adoption of the Amended and Restated Articles.

PROPOSAL 3 – APPROVAL OF THE 2007 LONG-TERM INCENTIVE PLAN

General

Our board of directors recommends that shareholders approve our 2007 Long-Term Incentive Plan (the “Incentive Plan”) for the purposes described below. The following summary of the material features of the Incentive Plan is qualified in its entirety by reference to the text of the Incentive Plan, which is attached to this proxy statement as [Appendix B](#).

Our board of directors has approved the Incentive Plan and it is currently in effect. The Company’s securities are not traded on the New York Stock Exchange, the Nasdaq Stock Market or other stock exchange, and as a result there is no separate requirement for shareholders to approve the Incentive Plan in order for it to be effective. However, we are asking our shareholders to approve the Incentive Plan in order to qualify stock options

[Table of Contents](#)

issued under the Incentive Plan for treatment as incentive stock options for purposes of Section 422 of the Internal Revenue Code and to qualify certain compensation under the Incentive Plan as performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code. If we do not receive shareholder approval of the Incentive Plan, stock options issued under the Incentive Plan would remain outstanding but would not qualify for treatment as incentive stock options, and certain compensation under the Incentive Plan would not qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code limiting the Company's ability to deduct certain amounts of award grants under the Incentive Plan as compensation expense.

At the meeting, approval of the Incentive Plan for these purposes under the Internal Revenue Code will require the affirmative vote of a majority of the outstanding shares of series A common stock.

Summary of the Incentive Plan

The purpose of the Incentive Plan is to advance the interests of the Company and our shareholders by providing incentives to certain of our employees and other key individuals who perform services for us, including those who contribute significantly to the strategic and long-term performance objectives and growth of the Company. The Incentive Plan would be administered by our board of directors or, if our board of directors so designates, by a committee of the board of directors. Our board of directors has designated the Compensation Committee to administer the Incentive Plan. The committee may delegate administrative responsibilities if so permitted by applicable law, unless Rule 16b-3 promulgated by the SEC under the Securities Exchange Act of 1934 permits such appointment and the exercise of authority without adversely affecting the ability of awards to officers to comply with the conditions for Rule 16b-3 or Section 162(m) of the Internal Revenue Code. The Incentive Plan provides for the granting of several types of awards, including stock options, stock appreciation rights or SARs, restricted stock, restricted stock units, performance grants and other awards deemed by the committee to be consistent with the purposes of the Incentive Plan. Awards may be granted alone, or in conjunction with one or more other awards, as determined by the committee. Our board of directors believes that, by establishing various types of incentive awards, the Incentive Plan offers the compensation committee the flexibility to grant attractive awards to our employees and key individuals that can be specifically designed in each particular circumstance to motivate these individuals and best align their interests with those of our shareholders.

A maximum of 6,000,000 shares of series A common stock has been authorized to be issued under the Incentive Plan in connection with the grant of awards, subject to adjustments described below. Series A common stock issued under the Incentive Plan may be either newly issued shares, treasury shares, reacquired shares or any combination thereof. If series A common stock issued as restricted stock, restricted stock units or otherwise subject to repurchase or forfeiture rights is reacquired by us pursuant to such rights, or if any award is canceled, terminates or expires unexercised, the series A common stock which would otherwise have been issuable pursuant to such awards will be available for issuance under new awards.

The committee has exclusive discretion to select which employees and other key individuals performing services for us to whom awards will be granted; to determine the type, size, terms and conditions of each award; to modify or waive within certain limits the terms and conditions of any award; to determine the time when awards will be granted; to establish performance objectives; to prescribe the form of documents representing awards under the Incentive Plan and to make all other determinations which it deems necessary or desirable in the interpretation and administration of the Incentive Plan. At the discretion of the committee, awards may be made under the Incentive Plan in assumption of, or in substitution for, outstanding awards previously granted by the Company, any predecessor or a company acquired by the Company or with which it combines. The committee has the authority to administer and interpret the Incentive Plan, and its decisions are final, conclusive and binding. We anticipate that all eleven of our employees will be eligible to participate in the Incentive Plan.

Awards under the Incentive Plan

Stock Options. A stock option, which may be a nonqualified or an incentive stock option, is the right to purchase a specified number of shares of series A common stock at a price fixed by the committee. The option exercise price for stock options may be equal to or greater than the fair market value of the series A common stock on the date of grant. In the case of incentive stock options granted to our employees or any affiliate who owns more than 10% of the voting power of all classes of our stock or stock of any affiliate, the option exercise price may not

Table of Contents

be less than 110% of fair market value on the date of the grant. The last sale price for a share of our series A common stock on the OTC Bulletin Board on October 13, 2006 was \$0.80.

Stock options will generally expire not later than ten years or, in the case of incentive stock options granted to employees who own more than 10% of our stock, five years, after the date granted. Stock options become exercisable at such times and in such installments as the committee determines. Payment of the option exercise price must be made in full at the time of exercise in cash, by tendering shares of series A common stock, by a combination thereof or by any other means that the committee deems appropriate (including, without limitation, the surrender of rights in one or more outstanding awards).

Unless the committee determines otherwise, (i) all outstanding stock options will vest and become exercisable immediately prior to a Change of Control (as such term is defined in the Incentive Plan), and (ii) any stock option that is not exercised in connection with the Change of Control will terminate upon the Change of Control.

Other Awards. The Incentive Plan also authorizes several other types of awards. These include stock appreciation rights (rights to receive, without payment, cash, series A common stock, other property or any combination thereof, based on the increase in the value of the number of shares of series A common stock specified in the award), restricted stock (an award of a number of shares of series A common stock that are subject to certain restrictions, such as a requirement that the shares shall be forfeited if the holder's employment or performance of services for us terminates), restricted stock units (an award of the right to receive either shares of series A common stock or cash equal to the fair market value of a share of series A common stock, issued subject to certain restrictions such as a forfeiture requirement discussed above) and performance grants (cash, shares of series A common stock, other consideration such as other Company securities or property or a combination thereof that is paid based on the performance of the holder, the Company, one or more of our subsidiaries, divisions or units, or any combination).

Additional Information

Under the Incentive Plan, if any change in the outstanding shares of series A common stock occurs by reason of a stock split or stock dividend, then the terms of outstanding awards will be equitably adjusted in the manner determined by the committee. If a change in outstanding shares of series A common stock occurs by reason of any split-up, split-off, spin-off, recapitalization, merger, consolidation, rights offering, reorganization, combination or exchange of shares, sale of all of the assets of the Company, certain distributions to shareholders or other extraordinary or unusual event, then the committee may determine in its discretion to terminate all outstanding awards immediately prior to the consummation of the event or make an equitable adjustment in the terms of outstanding awards. Such changes may include the number or kind of securities that may be issued, the number or kind of securities subject to, or the option exercise price under, any outstanding stock option, the number or kind of securities which have been awarded as restricted stock or any repurchase option price relating thereto, the number or value of performance grants, the number or value of any other award, or any measure of performance of any award.

The Incentive Plan permits the committee to determine whether it is advisable for the Company or any affiliate to provide financing in connection with the exercise of an award and the payment of related taxes, or to assist in obtaining financing from a bank or other third party in this regard. Such assistance may take any form and be on such terms as the committee considers appropriate including, without limitation, a direct loan, a guaranty of the obligation to a third party or the maintenance by the Company or an affiliate of deposits with a bank or third party.

The committee may permit payment of taxes required to be withheld with respect to an award in any appropriate manner (including, without limitation, by the surrender to us of shares of series A common stock owned by such person or that would otherwise be distributed, or have been distributed, as the case may be, pursuant to such award).

Generally, no awards under the Incentive Plan may be assigned or transferred in whole or in part, either directly or by operation of law or otherwise (except in the event of a holder's death), including, without limitation, execution, levy, garnishment, attachment, pledge, bankruptcy or in any other manner, although the committee approve transfers of awards to employees and, without payment of consideration, to immediate family members and related parties.

The expenses of the Incentive Plan are borne by us. The Incentive Plan terminates upon the earlier of the adoption of a resolution by our board of directors terminating the Incentive Plan and September 26, 2016, unless

[Table of Contents](#)

extended for up to an additional five years for the grant of awards other than incentive stock options by action of our board of directors. The committee may amend the Incentive Plan at any time and from time to time for any purpose consistent with the goals of the Incentive Plan. However, if failure to obtain shareholder approval would adversely affect compliance of the Incentive Plan with Rule 16b-3 promulgated under the Securities Exchange Act of 1934 (or other applicable law or regulation), no amendment shall be effective unless and until approved by shareholders.

Registration with the SEC

We intend to file a Registration Statement on Form S-8 relating to the issuance of shares of common stock under the Incentive Plan with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended, as soon as is reasonably practicable after our annual meeting.

Federal Income Tax Consequences

The following is a summary of the principal current federal income tax consequences of transactions under the Incentive Plan. This summary does not describe all federal tax consequences under the Incentive Plan, nor does it describe state, local or foreign tax consequences.

Incentive Stock Options. No taxable income is realized by the employee upon the grant or exercise of an incentive stock option. However, the exercise of an incentive stock option may result in alternative minimum tax liability for the employee. If the employee does not dispose of the shares received upon exercise of an incentive stock option within two years from the date of grant (or within one year after the transfer of such shares to the employee), then upon sale of such shares, any amount realized in excess of the exercise price will be taxed to the employee as a long-term capital gain and any loss sustained will be a long-term capital loss. In that case, no deduction will be allowed to the Company for federal income tax purposes.

If the shares of series A common stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of the two-year and one-year holding periods described above, generally the employee will realize ordinary income in the year of disposition. The ordinary income will equal the amount of the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on an arms'-length sale of such shares) over the exercise price thereof, and we will be entitled to deduct such amount. Any further gain realized will be taxed as short-term or long-term capital gain and will not result in any deduction by the Company. Special rules may apply where all or a portion of the exercise price of the incentive stock option is paid by tendering shares of series A common stock.

If an incentive stock option is exercised at a time when it does not qualify for the tax treatment described above, the option is treated as a nonqualified stock option. Generally, an incentive stock option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (one year following termination of employment by reason of permanent and total disability), except in certain cases where the incentive stock option is exercised after the death of an employee.

Nonqualified Options. No income is realized by the employee at the time a nonqualified stock option is granted under the Incentive Plan. Generally, at exercise, ordinary income is realized by the employee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and the Company receives a tax deduction for the same amount. At disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss, depending on how long the shares have been held.

Other Awards. The grant of a stock appreciation right does not result in income for the employee or in a deduction for the Company. Upon the exercise of an SAR, generally the employee recognizes ordinary income and the Company is entitled to a deduction measured by the fair market value of any amounts received by the employee.

An employee receiving restricted stock generally will be subject to tax at ordinary income rates on the fair market value of the stock at the time the stock is either transferable or is no longer subject to forfeiture, less any amount paid for such stock. The Company is entitled to a corresponding tax deduction for the amount of ordinary

Table of Contents

income recognized by the employee. However, an employee who so elects under Section 83(b) of the Internal Revenue Code within 30 days of the date of issuance of the restricted stock will realize ordinary income on the date of issuance equal to the fair market value of the shares of restricted stock at that time (measured as if the shares were unrestricted and could be sold immediately), less any amount paid. If the shares subject to such election are forfeited, the employee will not be entitled to any deduction, refund or loss for tax purposes with respect to the forfeited shares (except with respect to any amounts paid for the shares). Upon sale of the shares after the forfeiture period has expired, the appreciation or depreciation since the shares became transferable or free from risk of forfeiture (or, if a Section 83(b) election was made, since the shares were issued) will be treated as long-term or short-term capital gain or loss. The holding period to determine whether the employee has long-term or short-term capital gain or loss begins when the restriction period expires (or upon earlier issuance of the shares, if the employee elected immediate recognition of income under Section 83(b)).

An employee receiving a performance award will generally be subject to tax at ordinary income rates on any cash received and on the fair market value of any series A common stock issued under the award, and the Company will generally be entitled to a deduction equal to the amount of ordinary income realized by the employee. The capital gain or loss holding period for any series A common stock distributed under a performance award will begin when the employee recognizes ordinary income relating to the award.

It is not possible to determine other specific amounts and types of awards that may be awarded in the future under the Incentive Plan because the grant of other awards under the Incentive Plan is discretionary.

Our board of directors recommends the shareholders vote FOR approval of the 2007 Long-Term Incentive Plan.

Equity Compensation Plan Information

The following table provides certain information with respect to all of the Company's equity compensation plans in effect as of June 30, 2006. None of the equity compensation plans in effect as of June 30, 2006 were approved by our shareholders.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	N/A	N/A	N/A
Equity compensation plans not approved by security holders	1,883,428	\$3.25	1,574,000
Total	1,883,428	\$3.25	1,574,000

The information set forth in the table above regarding "Equity compensation plans not approved by security holders" includes the following plans:

2006 Stock Option Plan. Our 2006 Stock Option Plan was adopted on January 30, 2006, subject to shareholder approval. The purpose of the 2006 Stock Option Plan was to advance the interests of the Company and its shareholders by affording key employees and other key individuals an opportunity for investment in the Company and the incentive advantages inherent in stock ownership in the Company. Although certain options were granted under the terms of the 2006 Stock Option Plan, no options under the 2006 Stock Option Plan were exercised by the grantees, and no shares underlying such options were issued by the Company.

Our compensation committee has subsequently determined that it is in the best interests of the company and its shareholders to terminate the 2006 Stock Option Plan and to adopt a new equity compensation plan that will give the compensation committee more flexibility in the kinds of awards it may grant to key employees and other individuals. Our compensation committee concluded that it would be easier administratively if we had one equity compensation plan going forward and, as a result, the compensation committee recommended to the board, and the board approved, the Incentive Plan and recommends that our shareholders approve the Incentive Plan at the annual meeting. In addition, our board of directors terminated the 2006 Stock Option Plan and our compensation committee approved the termination and replacement of all awards of stock options made under

[Table of Contents](#)

the 2006 Stock Option Plan, including the option grants to directors set forth above, subject to approval of the grantees. These new grants are on substantially the same terms as the terminated options, including as to number of underlying shares, exercise price, vesting schedule and expiration date.

The remainder of the description of the 2006 Stock Option Plan set forth below summarizes the key features of the plan as it existed on June 30, 2006.

Options to acquire 2,000,000 shares of our series A common stock could be granted under the 2006 Stock Option Plan. As of June 30, 2006 there were options to purchase 426,000 shares of our series A common stock outstanding under the 2006 Stock Option Plan, and options to purchase an additional 1,574,000 shares remaining available for issuance under the 2006 Option Plan.

The 2006 Stock Option Plan authorized our board of directors or the compensation committee to grant incentive options and non-qualified options. The committee had the power to select the participants to be granted options, determine the number of shares to be subject to each option, whether an option would be granted in exchange for the termination of an existing option, the purchase price for the shares underlying the option, the option period, the manner in which options became exercisable, and such other terms the committee deemed necessary or desirable. No option could be granted at an exercise price less than the fair market value of our series A common stock on the date of grant. Options must expire no later than 10 years from the date of grant. If an grantee's employment were terminated, then any option held could be exercised only to extent determined by the committee at the time of grant, but no more than 3 months after termination. If certain changes in control of the Company occurred, then all options granted under the 2006 Stock Option Plan would become immediately exercisable other than incentive stock options that would violate the \$100,000 limitation described in the next paragraph.

The aggregate fair market value of shares underlying incentive stock options granted to a particular grantee that have become exercisable for the first time during the same calendar year could not exceed \$100,000, subject to further amendments to the applicable provisions of the Internal Revenue Code. In addition, no incentive stock option could be granted to a key employee who, at the time of the grant, owned stock with more than 10% of the total combined voting power of all classes of our stock, unless at the time of the grant the purchase price for the underlying shares of series A common stock was at least 110% of the fair market value and the incentive stock option was not exercisable more than 5 years after the date of grant.

Stephen K. Onody Options. On November 28, 2005, we issued options to purchase 1,000,000 shares of our series A common stock to Stephen K. Onody, our Chief Executive Officer. Our compensation committee approved the replacement of these options with a new grant to Mr. Onody under our new 2007 Long-Term Incentive Plan and a simultaneous termination of the options originally granted pursuant to the agreement. For a description of the material features of this plan, see section titled "Employment, Severance and Change of Control Agreements – Stephen Onody Employment Agreement" above.

Gerald J. Houston Options. On January 4, 2006, we issued options to purchase 240,000 shares of our series A common stock to Gerald J. Houston, our Chief Financial Officer. Our compensation committee approved the replacement of these options with a new grant to Mr. Houston under our new 2007 Long-Term Incentive Plan and a simultaneous termination of the options originally granted pursuant to the agreement. For a description of the material features of this plan, see section titled "Employment, Severance and Change of Control Agreements – Gerald Houston Employment Agreement" above.

Chairman Warrants. We established a program to issue warrants to purchase our series A common stock to the former Chairman of our board of directors for his service in that capacity. For a description of the material features of this plan, see section titled "Compensation of Directors—Compensation of Former Chairman" above.

Brenda March Warrants. We established a program to issue warrants to purchase 13,942 shares of our series A common stock to Brenda March, our former interim Chief Executive Officer, for her service in that capacity. For a description of the material features of this plan, see section titled "Employment, Severance and Change of Control Agreements – Brenda March Agreement" above.

The options and warrants discussed above do not include 6,169,294 warrants outstanding that were not compensatory.

PROPOSAL 4 – RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The audit committee of our board of directors has selected Gordon, Hughes & Banks, LLP as the Company's independent auditors for the fiscal year ending June 30, 2007 and has further directed that management submit the selection of independent auditors for ratification by the shareholders at the Annual Meeting. Gordon, Hughes & Banks, LLP has audited the Company's financial statements since December 22, 2004. Representatives of Gordon, Hughes & Banks, LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company's Bylaws nor other governing documents or law require shareholder ratification of the selection of Gordon, Hughes & Banks, LLP as our independent auditors. However, the audit committee is submitting the selection of Gordon, Hughes & Banks, LLP to the shareholders for ratification as a matter of good corporate governance. If the shareholders fail to ratify the selection, the audit committee will review its future selection of independent auditors. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of us and our shareholders.

The affirmative vote of the holders of a majority of the outstanding shares of series A common stock will be required to ratify the selection of Gordon, Hughes & Banks, LLP.

Change in the Company's Certifying Accountant

On December 30, 2004, we dismissed Michael Johnson & Co., LLC as our independent registered public accounting firm. On December 30, 2004, we appointed Gordon, Hughes & Banks, LLP, certified public accountants, as our independent registered public accounting firm effective immediately. The board of directors approved the decision to change our independent registered public accountants to Gordon, Hughes & Banks, LLP.

Michael Johnson & Co.'s reported on our financial statements for the fiscal years ended December 31, 2002 and December 31, 2003. Michael Johnson & Co.'s report for these fiscal years did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principle, except for the matter discussed in the next sentence. There was an explanatory paragraph in Michael Johnson & Co.'s report on our financial statements included in the Form 10-KSB for the years ended December 31, 2002 and December 31, 2003, both of which indicated that the accompanying financial statements had been prepared assuming that the Company will continue as a going concern, and Michael Johnson & Co. indicated that for both fiscal years conditions exist that raise substantial doubt about the Company's ability to continue as a going concern. Our board of directors discussed this matter with Michael Johnson & Co. at the time. We authorized Michael Johnson & Co., LLC to respond fully to inquiries by our new auditors in connection with this matter.

In connection with the audits of our financial statements for each of the two fiscal years ended December 31, 2002 and December 31, 2003, and through December 30, 2004, there were no disagreements between us and Michael Johnson & Co. on any matter of accounting principles or practices, consolidated financial statement disclosures, or auditing scope and procedures, which, if not resolved to the satisfaction of Michael Johnson & Co., would have caused them to make reference thereto in connection with their report on the financial statements.

During the fiscal years ended December 31, 2002 and 2003 and through December 30, 2004, we did not consult with Gordon, Hughes & Banks, LLP with respect to any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-B promulgated by the Securities and Exchange Commission.

We provided Michael Johnson & Co. a copy of these disclosures and requested that Michael Johnson & Co. furnish us with a letter addressed to the Securities and Exchange Commission stating whether Michael Johnson & Co. agreed with the statements made by the Company and, if not, stating the respects in which it did not agree. Michael Johnson & Co. furnished a letter to the Company, indicating to the Securities and Exchange Commission that it was in agreement with our statements concerning Michael Johnson & Co.

The following table presents fees for professional audit services rendered by Gordon, Hughes & Banks, LLP, the Company's principal accountant, for the audit of our annual financial statements for the fiscal years ended June 30, 2006 and 2005, and fees billed for other services rendered by Gordon, Hughes & Banks, LLP during those periods:

- 2 Tax fees of \$9,500 and \$5,222 in fiscal years ended June 30, 2006 and 2005 are for tax compliance, advise and planning.
- 3 During the fiscal year ended June 30, 2005, \$2,800 was incurred for advice related to compliance under the Sarbanes Oxley Act of 2002 and discussion of the beneficial conversion feature of our previously outstanding bridge notes.

Pre-Approval Policies and Procedures

The audit committee has adopted policies and procedures for the pre-approval of audit and non-audit services rendered by our independent auditor, Gordon, Hughes & Banks, LLP. The policies require pre-approval of all auditing and such non-auditing services as our independent auditor is permitted to provide, subject to de minimus exceptions for services other than audit, review, or attest services that are approved by the audit committee prior to completion of the audit. All of the items identified under "Audit-Related Fees", "Tax Fees" and "All Other Fees" above were approved by the audit committee. Alternatively, the engagement of our independent auditor may be entered into pursuant to pre-approved policies and procedures that our audit committee may establish, so long as these policies and procedures are detailed as to particular services and the audit committee is informed of each service. In making these determinations, the audit committee will consider whether the services provided are compatible with maintaining our auditor's independence. We are prohibited by applicable law from obtaining certain non-audit services from our independent auditor and, in that event, we would obtain these non-audit services from other providers.

The audit committee has determined that the rendering of the services other than audit services by Gordon, Hughes & Banks, LLP is compatible with maintaining the principal accountant's independence.

Board Recommendation

Our board of directors recommends the shareholders vote FOR ratification of Gordon, Hughes & Banks, LLP as our independent auditors for the fiscal year ending June 30, 2007.

AUDIT COMMITTEE REPORT

The audit committee is responsible for overseeing (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) our independent registered public accounting firm's qualifications and independence, (iv) the performance of our independent registered public accounting firm and (v) compliance with our Code of Ethics and Code of Business Conduct and Ethics. Management is responsible for the financial reporting process, including the system of internal controls, for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The independent registered public accounting firm is responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

The committee has met nine times during the year and has held discussions with management and the independent registered public accounting firm. Management represented to the committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The committee received the written disclosures and letter required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed the independence of the independent registered public accounting firm with the firm. In addition, the committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Codification of Statements on Auditing Standards, AU §380).

The committee has also considered whether the provision of non-audit services to us is compatible with maintaining the independent registered public accounting firm's independence. The committee has concluded that the independent registered public accounting firm is independent from us and our management. The committee has reviewed with the independent registered public accounting firm the overall scope and plans for their audit.

Relying on the foregoing reviews and discussions, the committee recommended to our board of directors the inclusion of the audited consolidated financial statements in our Annual Report on Form 10-KSB for the year ended June 30, 2006, for filing with the Securities and Exchange Commission. In addition, the committee has selected Gordon, Hughes & Banks, LLP as our independent registered public accounting firm for 2007.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially means extra convenience for shareholders and cost savings for companies.

This year, a number of brokers with account holders who are Lifeline Therapeutics, Inc. shareholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to

Table of Contents

participate in “householding” and would prefer to receive a separate proxy statement and annual report, please notify your broker, direct your written request to Lifeline Therapeutics, Inc., Gerald J. Houston, Secretary, 6400 South Fiddler’s Green Circle, Suite 1970, Greenwood Village, Colorado, 80111. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request “householding” of their communications should contact their broker.

OTHER MATTERS

Our board of directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

SHAREHOLDERS’ PROPOSALS AND NOMINATIONS FOR 2007 ANNUAL MEETING

Inclusion of Proposals in Our Proxy Statement and Proxy Card under the Rules of the Securities and Exchange Commission. Any proposal of a shareholder intended to be included in our proxy statement and form of proxy for our 2007 annual meeting of shareholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 must be received by us no later than June 22, 2007, unless the date of our 2007 annual meeting is changed by more than 30 days from November 21, 2007, in which case the proposal must be received a reasonable time before we begin to print and mail our proxy materials.

Bylaw Requirements for Shareholder Submission of Nominations and Proposals. Our bylaws include requirements that shareholders must comply with in order to nominate persons for election as directors. The Bylaws require that, in order for a shareholder to nominate a person for election to the board of directors or propose business to be considered by the shareholders at an annual meeting, the shareholder must be entitled to vote at the meeting, must provide a written notice to our corporate Secretary, c/o Lifeline Therapeutics, Inc., 6400 South Fiddler’s Green Circle, Suite 1970, Greenwood Village, Colorado, 80111, and must be a shareholder of record at the time of giving the notice. The notice must specify (1) as to each person whom the shareholder proposes to nominate for election as a director, information with respect to the proposed nominee as would be required to be included in the proxy statement for the annual meeting if the person were a nominee included in that proxy statement, including the proposed nominee’s written consent to being named in the proxy statement as a nominee and to serving as a director, (2) as to any other business that the shareholder proposes to bring before the meeting, a brief description of the business, the text of any resolution proposed to be adopted at the meeting, the reasons for conducting the business and any material interest in the business that the shareholder and the beneficial owner, if any, on whose behalf the proposal is made, may have, and (3) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made, the name and address of the shareholder as they appear on our books and of the beneficial owner, and the class and number of our shares of stock owned beneficially and of record by the stockholder and the beneficial owner. The Bylaws would require the notice to be given not earlier than June 22, 2007 and not later than July 22, 2007, unless the date of the annual meeting is more than 30 days before or after November 21, 2007, in which case the notice must be given not earlier than 120 days prior to the 2007 annual meeting and not later than the close of business on the later of the 90th day prior to the 2007 annual meeting or the 10th day following public announcement of the date of the 2007 annual meeting. If the number of directors to be elected at the 2007 annual meeting is increased and we do not make a public announcement naming all of the nominees for director or specifying the size of the increased board by July 13, 2007, then a shareholder notice recommending prospective nominee(s) for any new position(s) created by the increase will be considered timely if it is received by our corporate Secretary not later than the close of business on the 10th calendar day following the date of our public announcement.

LIFELINE THERAPEUTICS, INC.
AUDIT COMMITTEE CHARTER

As adopted January 30, 2006

Purpose and Authority

The purpose of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in overseeing: (1) the integrity of the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements; (3) the independent auditor's qualifications and independence; (4) the performance of the Company's internal auditors, if applicable, and independent auditor; and (5) compliance with the Company's code of ethics for senior financial officers and compliance with the Company's code of conduct for all Company personnel. The Committee shall have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the independent auditor. The Committee shall also have all authority necessary to fulfill the duties and responsibilities assigned to the Committee in this Charter or otherwise assigned to it by the Board. The Committee shall fulfill its oversight role by performing the duties and responsibilities set forth in this Charter.

Considering that the Committee's job is one of oversight, it recognizes that the Company's management is responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Additionally, the Committee recognizes that financial management, as well as the outside auditors, have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any expert or special assurances as to the Company's financial statements or any professional certification as to the outside auditors work.

As the Committee deems appropriate, it may retain independent counsel, accounting and other professionals to assist the Committee without seeking Board approval with respect to the selection, fees or terms of engagement of any such advisors.

Committee Structure and Expertise

The Committee shall consist of at least three directors or such other number as the Audit Committee may have and remain in compliance with the rules and regulations promulgated by the Nasdaq Stock Market, who shall be appointed by the Board. The Board may remove any member of the Committee with or without cause. Each member of the Committee shall be "independent" as that term is defined in Nasdaq Stock Market ("Nasdaq") Rule 4200(a)(15) and shall otherwise meet the independence and experience requirements of Nasdaq, Section 10A-3 of the Securities Exchange Act of 1934 (the "Exchange Act"), and the rules and regulations of the SEC. The Board may, at any time and in its complete discretion, replace a Committee member. Each member of the Committee shall be financially literate and shall, at a minimum, be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. No member of the Committee shall have participated in the preparation of the financial statements of the Company or any current subsidiary of the Company at any time during the past three years. At least one Committee member shall have, through education and experience as a public accountant or auditor, or a principal financial officer, controller or principal accounting officer or a chief executive officer, or from performance of similar functions, sufficient financial expertise in accounting and auditing so as to be a "financial expert", in accordance with such regulations as may be applicable to the Company from time to time.

Table of Contents

If the Committee is aware of any material noncompliance with the structure or expertise requirements set forth above, the Committee shall report such noncompliance to the Board, who must then notify Nasdaq promptly of such noncompliance.

Meetings

The Committee shall meet as often as necessary, at least on a quarterly basis. The Committee shall meet in separate, private sessions with each of management, the independent auditor and the internal auditors to discuss anything the Committee or these groups believe should be discussed. The Committee may require any Company officer or employee or the Company's outside counsel or external auditor to attend a Committee meeting or to meet with any members of, or consultants to, the Committee, and to provide pertinent information as necessary. In the absence of a member designated by the Board to serve as chair, the members of the Committee may appoint from among their number a person to preside at their meetings.

The Committee shall maintain minutes and other relevant documentation of all its meetings and shall report regularly to the Board.

Committee Authority and Responsibilities

The Committee shall have the following duties and responsibilities, in addition to any duties and responsibilities assigned to the Committee from time to time by the Board:

Engagement of Independent Auditor

- Directly appoint, retain, and compensate the Company's independent auditor. The Committee has the sole authority to approve all audit engagement fees and terms, as well as all significant non-audit engagements with the independent auditor. The Committee shall be directly responsible for overseeing the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company. The independent auditor shall report directly to the Committee.
- Pre-approve all auditing and such non-auditing services as the independent auditor is permitted to provide, subject to *de minimus* exceptions for other than audit, review, or attest services that are approved by the Committee prior to completion of the audit. Alternatively, the engagement of the independent auditor may be entered into pursuant to pre-approved policies and procedures established by the Committee, provided that the policies and procedures are detailed as to the particular services and the Committee is informed of each service. In considering whether to pre-approve any non-audit services, the Committee shall consider whether the provision of such services is compatible with maintaining the independence of the auditor.
- Ensure that the Committee's approval of any non-audit services is publicly disclosed pursuant to applicable laws, rules and regulations.
- Discuss policies with respect to risk assessment and risk management.

Appendix B

LIFELINE THERAPEUTICS, INC.

2007 LONG-TERM INCENTIVE PLAN

Section 1. Purpose. The purpose of this Plan is to advance the interests of Lifeline and its shareholders by providing incentives to certain Eligible Persons who contribute significantly to the strategic and long-term performance objectives and growth of the Company.

Section 2. Definitions. Certain capitalized terms applicable to this Plan are set forth in Appendix A.

Section 3. Administration. This Plan shall be administered by the Committee. The Committee shall have all the powers vested in it by the terms of this Plan, such powers to include exclusive authority to select the Eligible Persons to be granted Awards under this Plan, to determine the type, size, terms and conditions, including, without limitation, exercise price and vesting terms, as applicable, of the Award to be made to each Eligible Person selected, to modify or waive the terms and conditions of any Award that has been granted, to determine the time when Awards will be granted, to establish performance objectives, to make any adjustments necessary or desirable as a result of the granting of Awards to Eligible Persons located outside the United States and to prescribe the form of the agreements evidencing Awards made under this Plan. Awards may, in the discretion of the Committee, be made under this Plan in assumption of, or in substitution for, outstanding Awards previously granted by (i) the Company, (ii) any predecessor of the Company, or (iii) a company acquired by the Company or with which the Company combines. The number of Common Shares underlying such substitute awards shall be counted against the aggregate number of Common Shares available for Awards under this Plan. Notwithstanding the foregoing or any other provision of this Plan, the Committee shall not have the authority to accelerate the time or schedule of any payment in a manner which is not permitted under Code Section 409A, or to grant or amend any Award in any manner which would result in an inclusion of any amount in gross income under Code Section 409A(a)(1).

The Committee is authorized to interpret this Plan and the Awards granted under this Plan, to establish, amend and rescind any rules and regulations relating to this Plan, and to make any other determinations that it deems necessary or desirable for the administration of this Plan. The Committee may correct any defect or omission or reconcile any inconsistency in this Plan or in any Award in the manner and to the extent the Committee deems necessary or desirable to carry it into effect. Any decision of the Committee in the interpretation and administration of this Plan, as described in this Plan, shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned (including, but not limited to, Participants and their Beneficiaries or Permitted Transferees). The Committee may act only by a majority of its members in office, *except* that the members thereof may authorize any one or more of their members or any officer of the Company to execute and deliver documents or to take any other ministerial action on behalf of the Committee with respect to Awards made or to be made to Participants.

No member of the Committee and no officer of the Company shall be liable for anything done or omitted to be done by such member or officer, by any other member of the Committee or by any other officer of the Company in connection with the performance of duties under this Plan, *except* for his or her own willful misconduct or as expressly provided by statute. In addition to all other rights of indemnification and reimbursement to which a member of the Committee and an officer of the Company may be entitled, the Company shall indemnify and hold harmless each such member or officer who was or is a party or is threatened to be made a party to any threatened, pending or completed proceeding or suit in connection with the performance of duties under this Plan against expenses (including reasonable attorneys' fees), judgments, fines, liabilities, losses and amounts paid in settlement actually and reasonably incurred by him or her in connection with such proceeding or suit, *except* for his or her own

Table of Contents

willful misconduct or as expressly provided otherwise by statute. Expenses (including reasonable attorneys' fees) incurred by such a member or officer in defending any such proceeding or suit shall be paid by the Company in advance of the final disposition of such proceeding or suit upon receipt of a written affirmation by such member or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification and a written undertaking by or on behalf of such member or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the Company as authorized in this Section.

Section 4. Participation. Consistent with the purposes of this Plan, the Committee shall have exclusive power to select the Eligible Persons who may participate in this Plan and be granted Awards under this Plan. Eligible Persons may be selected individually or by groups or categories, as determined by the Committee in its discretion.

Section 5. Awards under this Plan.

(a) Types of Awards. Awards under this Plan may include one or more of the following types, either alone or in any combination thereof: (i) Stock Options, (ii) Stock Appreciation Rights, (iii) Restricted Stock, (iv) Restricted Stock Units, (v) Performance Grants and (vi) any other type of Award deemed by the Committee in its discretion to be consistent with the purposes of this Plan (including, but not limited to, Associated Awards, Awards of or options or similar rights granted with respect to unbundled stock units or components thereof, and Awards to be made to Participants who are foreign nationals or are employed or performing services outside the United States). In the case of an Award granted in conjunction with an Associated Award, the Award may be reduced on an appropriate basis to the extent that the Associated Award has been exercised, paid to or otherwise received by the Participant, as determined by the Committee.

(b) Maximum Number of Common Shares that May be Issued. There may be issued under this Plan (as Restricted Stock, in payment of Performance Grants or Restricted Stock Units, pursuant to the exercise of Stock Options or Stock Appreciation Rights or in payment of or pursuant to the exercise of such other Awards as the Committee, in its discretion, may determine) an aggregate of not more than 6,000,000 Common Shares, subject to adjustment as provided in Section 15. Common Shares issued pursuant to this Plan may be either authorized but unissued shares, treasury shares, reacquired shares or any combination thereof. Any Common Shares that are issued or issuable pursuant to an Award shall be available for issuance under new Awards if such Common Shares are reacquired by the Company pursuant to any repurchase or forfeiture rights or, if such Award is canceled, terminates or expires unexercised.

(c) Rights with Respect to Common Shares and Other Securities. Except as provided in subsection 8(c) with respect to Awards of Restricted Stock and unless otherwise determined by the Committee in its discretion, a Participant to whom an Award is made (and any Person succeeding to such a Participant's rights pursuant to this Plan) shall have no rights as a shareholder with respect to any Common Shares or as a holder with respect to other securities, if any, issuable pursuant to any such Award until the date a stock certificate evidencing such Common Shares or other instrument of ownership is issued to such Participant. Except as provided in Section 8 or Section 15, no adjustment shall be made for dividends, distributions or other rights (whether ordinary or extraordinary, and whether in cash, securities, other property or other forms of consideration, or any combination thereof) for which the record date is prior to the date such stock certificate or other instrument of ownership, if any, is issued. A Participant holding an Award providing for the issuance of Common Shares in the future shall have no rights

as a shareholder with respect to such Common Shares until a stock certificate representing such Common Shares is issued to such Participant.

Section 6. Stock Options. The Committee may grant Stock Options or sell Purchased Options; *provided* that an Incentive Stock Option may be granted only to Eligible Persons who are employees of the Company and *provided further* that Participants who have Associated Awards may not receive Incentive Stock Options if such Associated Awards disqualify the Incentive Stock Option's status as such under the Code. Each Stock Option granted or sold under this Plan shall be evidenced by an agreement in such form as the Committee shall prescribe from time to time in accordance with this Plan and shall comply with the applicable terms and conditions of this Section and this Plan, and with such other terms and conditions, including, but not limited to, restrictions upon the Stock Option or the Common Shares issuable upon exercise thereof, as the Committee, in its discretion, shall establish.

(a) The exercise price of a Stock Option may be equal to or greater than the Fair Market Value of the Common Shares subject to such Stock Option at the time the Stock Option is granted, as determined by the Committee; *provided, however*, that in the case of an Incentive Stock Option granted to a Ten Percent Employee, such exercise price shall not be less than 110% of such Fair Market Value at the time the Stock Option is granted. In no event, however, will the exercise price per share of a Stock Option be less than the par value per share of a Common Share.

(b) The Committee shall determine the number of Common Shares to be subject to each Stock Option.

(c) Any Stock Option may be exercised during its term only at such time or times and in such installments as the Committee may establish.

(d) A Stock Option shall not be exercisable:

(i) in the case of any Incentive Stock Option granted to a Ten Percent Employee, after the expiration of such Incentive Stock Option, which shall be five years from the date it is granted (or such shorter period set by the Committee), and,

(ii) in the case of any other Stock Option, after the expiration of such Stock Option, which shall be ten years from the date it is granted (or such shorter period set by the Committee); and

(iii) unless payment in full is made for the shares being acquired under such Stock Option at the time of exercise as provided in subsection 6(i).

(e) The Committee shall determine in its discretion and specify in each agreement evidencing a Stock Option the effect, if any, the termination of the Participant's employment with or performance of services for the Company shall have on the exercisability of the Stock Option; *provided, however*, that an Incentive Stock Option exercised at a time beyond the time an Incentive Stock Option may be exercised in order to qualify as such under the Code shall cease to be an Incentive Stock Option.

(f) Except as otherwise determined by the Committee, (i) immediately prior to consummation of a Change of Control, all outstanding Stock Options shall vest and become exercisable (which exercise may be contingent upon consummation of the Change of Control),

and (ii) any Stock Option that is not exercised in connection with such Change of Control shall terminate upon consummation of such Change of Control.

(g) It is the intent of Lifeline that Nonqualified Stock Options granted under this Plan not be classified as Incentive Stock Options, that the Incentive Stock Options granted under this Plan be consistent with and contain or be deemed to contain all provisions required under Section 422 and the other appropriate provisions of the Code and any implementing regulations (and any successor provisions thereof), and that any ambiguities in construction shall be interpreted in order to effectuate such intent. If a Stock Option is intended to be an Incentive Stock Option, and if for any reason such Stock Option (or portion thereof) shall not qualify as an Incentive Stock Option, then, to the extent of such nonqualification, such Stock Option (or portion thereof) shall be regarded as a Nonqualified Stock Option granted under this Plan; provided that such Stock Option (or portion thereof) otherwise complies with this Plan's requirements relating to Nonqualified Stock Options. In no event shall any member of the Committee or the Company (or its employees, officers or directors) have any liability to any Participant (or any other Person) due to the failure of a Stock Option to qualify for any reason as an Incentive Stock Option.

(h) A Purchased Option may contain such additional terms not inconsistent with this Plan, including but not limited to the circumstances under which the purchase price of such Purchased Option may be returned to the holder of the Purchased Option, as the Committee may determine in its sole discretion.

(i) For purposes of payments made to exercise Stock Options, such payment shall be made in such form (including, but not limited to, cash, Common Shares, the surrender of another outstanding Award under this Plan or any combination thereof) as the Committee may determine in its discretion; *provided, however*, that, unless the Committee determines otherwise, for purposes of making such payment in Common Shares, such shares shall be valued at their Fair Market Value on the day of exercise and shall have been held by the Participant for a period of at least six (6) months.

Section 7. Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights. Each Award of Stock Appreciation Rights granted under this Plan shall be evidenced by an agreement in such form as the Committee shall prescribe from time to time in accordance with this Plan and shall comply with the applicable terms and conditions of this Section and this Plan, and with such other terms and conditions, including, but not limited to, restrictions upon the Award of Stock Appreciation Rights or the Common Shares issuable upon exercise thereof, as the Committee, in its discretion, shall establish.

(a) The Committee shall determine the number of Common Shares to be subject to each Award of Stock Appreciation Rights.

(b) Any Stock Appreciation Right may be exercised during its term only at such time or times and in such installments as the Committee may establish.

(c) The Committee shall determine in its discretion and specify in each agreement evidencing an Award of Stock Appreciation Rights the effect, if any, the termination of the Participant's employment with or performance of services for the Company shall have on the exercisability of the Award of Stock Appreciation Rights.

(d) An Award of Stock Appreciation Rights shall entitle the holder to exercise such Award or to surrender unexercised an Associated Award (or any portion of such Associated

Award) to Lifeline and to receive from Lifeline in exchange thereof, without payment to Lifeline, that number of Common Shares having an aggregate value equal to (or, in the discretion of the Committee, less than) the excess of the Fair Market Value of one Common Share, at the time of such exercise, over the exercise price, times the number of Common Shares subject to the Award or the Associated Award, or portion thereof, that is so exercised or surrendered, as the case may be. The Committee shall be entitled in its discretion to elect to settle the obligation arising out of the exercise of a Stock Appreciation Right by the payment of cash or Other Lifeline Securities or property, or other forms of payment or any combination thereof, as determined by the Committee, equal to the aggregate value of the Common Shares it would otherwise be obligated to deliver. Any such election by the Committee shall be made as soon as practicable after the receipt by the Committee of written notice of the exercise of the Stock Appreciation Right.

(e) A Stock Appreciation Right may provide that it shall be deemed to have been exercised at the close of business on the business day preceding the expiration date of the Stock Appreciation Right or of the related Stock Option (or other Award), or such other date as specified by the Committee, if at such time such Stock Appreciation Right has a positive value. Such deemed exercise shall be settled or paid in the same manner as a regular exercise thereof as provided in subsection 7(d) of this Agreement.

Section 8. Restricted Stock and Restricted Stock Units. The Committee may grant Awards of Restricted Stock and Restricted Stock Units. Each Award of Restricted Stock or Restricted Stock Units under this Plan shall be evidenced by an agreement in such form as the Committee shall prescribe from time to time in accordance with this Plan and shall comply with the applicable terms and conditions of this Section and this Plan, and with such other terms and conditions as the Committee, in its discretion, shall establish.

(a) The Committee shall determine the number of Common Shares to be issued to a Participant pursuant to the Award of Restricted Stock or Restricted Stock Units, and the extent, if any, to which they shall be issued in exchange for cash, other consideration, or both.

(b) Until the expiration of such period as the Committee shall determine from the date on which the Award is granted and subject to such other terms and conditions as the Committee in its discretion shall establish (the "**Restricted Period**"), a Participant to whom an Award of Restricted Stock is made shall be issued, but shall not be entitled to the delivery of, a stock certificate representing the Common Shares subject to such Award. Until the expiration of the Restricted Period, a Participant to whom an Award of Restricted Stock Units is made shall not be issued a stock certificate representing the Common Shares subject to such Award.

(c) Unless otherwise determined by the Committee in its discretion, a Participant to whom an Award of Restricted Stock has been made (and any Person succeeding to such a Participant's rights pursuant to this Plan) shall have, after issuance of a certificate for the number of Common Shares awarded and prior to the expiration of the Restricted Period, ownership of such Common Shares, including the right to vote such Common Shares and to receive dividends or other distributions made or paid with respect to such Common Shares (*provided* that such Common Shares, and any new, additional or different shares, or Other Lifeline Securities or property, or other forms of consideration that the Participant may be entitled to receive with respect to such Common Shares as a result of a stock split, stock dividend or any other change in the corporation or capital structure of Lifeline, shall be subject to the restrictions set forth in this Plan as determined by the Committee in its discretion), subject, however, to the options, restrictions and limitations imposed thereon pursuant to this Plan.

Table of Contents

(d) The Committee shall determine in its discretion and specify in each agreement evidencing an Award of Restricted Stock or Restricted Stock Units the effect, if any, the termination of the Participant's employment with or performance of services for the Company during the Restricted Period shall have on such Award.

(e) The Committee may grant Associated Awards of Dividend Equivalents to Participants in connection with Awards of Restricted Stock Units. The Committee may provide, at the date of grant or thereafter, that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Common Shares, or other investment vehicles as the Committee may specify; provided that, unless otherwise determined by the Committee, Dividend Equivalents shall be subject to all conditions and restrictions of the underlying Restricted Stock Units to which they relate.

Section 9. Performance Grants. The Committee may grant Awards of Performance Grants. The Award of a Performance Grant to a Participant will entitle him or her to receive a specified amount determined by the Committee (the "**Actual Value**"), if the terms and conditions specified in this Plan and in the Award are satisfied. Each Award of a Performance Grant shall be subject to the applicable terms and conditions of this Section and this Plan, and to such other terms and conditions, including but not limited to, restrictions upon any cash, Common Shares, Other Lifeline Securities or property, or other forms of payment, or any combination thereof, issued with respect to the Performance Grant, as the Committee, in its discretion, shall establish, and shall be evidenced in an agreement in such form and substance as is determined by the Committee.

(a) The Committee shall determine the value or range of values of a Performance Grant to be awarded to each Participant selected for an Award and whether or not such a Performance Grant is granted in conjunction with an Associated Award. As determined by the Committee, the maximum value of each Performance Grant (the "**Maximum Value**") shall be: (i) an amount fixed by the Committee at the time the Award is made or amended thereafter, (ii) an amount that varies from time to time based in whole or in part on the then current value of the Common Shares, Other Lifeline Securities or property, or other securities or property, or any combination thereof or (iii) an amount that is determinable from criteria specified by the Committee. Performance Grants may be issued in different classes or series having different names, terms and conditions.

(b) The award period ("**Award Period**") related to any Performance Grant shall be a period determined by the Committee. At the time each Award is made or within the first 90 days of any performance period, the Committee shall establish performance objectives to be attained within the Award Period as the means of determining the Actual Value of such a Performance Grant. The performance objectives shall be based on such measure or measures of performance, which may include, but need not be limited to, the performance of the Participant, the Company or one or more of its divisions or units, or any combination of the foregoing, as the Committee shall determine, and may be applied on an absolute basis or be relative to industry or other indices or any combination thereof. The Actual Value of a Performance Grant shall be equal to its Maximum Value only if the performance objectives are attained in full, but the Committee shall specify the manner in which the Actual Value of Performance Grants shall be determined if the performance objectives are met in part. Such performance measures, the Actual Value or the Maximum Value, or any combination thereof, may be adjusted in any manner by the Committee in its discretion at any time and from time to time during or as soon as practicable after the Award Period, if it determines that such performance measures, the Actual Value or the Maximum Value, or any combination thereof, are not appropriate under the circumstances.

Table of Contents

(c) The Committee shall determine in its discretion and specify in each agreement evidencing a Performance Grant the effect, if any, the termination of the Participant's employment with or performance of services for the Company during the Award Period shall have on such Performance Grant.

(d) The Committee shall determine whether the conditions of a Performance Grant have been met and, if so, shall ascertain the Actual Value of the Performance Grant. If the Performance Grant has no Actual Value, the Award and such Performance Grant shall be deemed to have been canceled and the Associated Award, if any, may be canceled or permitted to continue in effect in accordance with its terms. If the Performance Grant has any Actual Value and:

(i) was not awarded in conjunction with an Associated Award, the Committee shall cause an amount equal to the Actual Value of the Performance Grant earned by the Participant to be paid to him or her or such Participant's Permitted Transferee or Beneficiary; or

(ii) was awarded in conjunction with an Associated Award, the Committee shall determine, in accordance with criteria specified by the Committee (A) to cancel the Performance Grant, in which event no amount with respect to such Performance Grant shall be paid to the Participant or his or her Permitted Transferee or Beneficiary, and the Associated Award may be permitted to continue in effect in accordance with its terms, (B) to pay the Actual Value of the Performance Grant to the Participant or his or her Permitted Transferee or Beneficiary as provided below, in which event the Associated Award may be canceled or (C) to pay to the Participant or his or her Beneficiary, the Actual Value of only a portion of the Performance Grants, in which event all or a portion of the Associated Award may be permitted to continue in effect in accordance with its terms or be canceled, as determined by the Committee.

Such determination by the Committee shall be made as promptly as practicable following the end of the Award Period or upon the earlier termination of employment or performance of services, or at such other time or times as the Committee shall determine, and shall be made pursuant to criteria specified by the Committee.

(e) Payment of any amount with respect to the Performance Grants that the Committee determines to pay as provided above shall be made by Lifeline as promptly as practicable after the end of the Award Period or at such other time or times as the Committee shall determine, and may be made in cash, Common Shares, Other Lifeline Securities or property, or other forms of payment, or any combination thereof or in such other manner, as determined by the Committee in its discretion. Notwithstanding anything in this Section to the contrary, the Committee may, in its discretion, determine and pay out the Actual Value of any Performance Grant at any time during the Award Period, provided that the Committee shall not have the authority to accelerate the time or schedule of any payment in a manner which is not permitted under Code Section 409A, or to grant or amend any Award in any manner which would result in an inclusion of any amount in gross income under Code Section 409A(a)(1).

Section 10. *Deferral of Compensation.* The Committee shall determine whether or not an Award shall be made in conjunction with the deferral of the Participant's salary, bonus or other compensation, or any combination thereof, and whether or not such deferred amounts may be:

- (a) forfeited to the Company or to other Participants or any combination thereof, under certain circumstances (which may include, but need not be limited to, certain types of termination of employment or performance of services for the Company);
- (b) subject to increase or decrease in value based upon the attainment of or failure to attain, respectively, certain performance measures; and/or
- (c) credited with income equivalents (which may include, but need not be limited to, interest, dividends or other rates of return) until the date or dates of payment of the Award, if any.

Notwithstanding the foregoing or any other provision of this Plan, any deferral of compensation under this section 10 must comply with the provisions of Code Section 409A, and no deferral of compensation under this section 10 which would result in an inclusion of any amount in gross income under Code Section 409A(a)(1) is permitted.

Section 11. *Deferred Payment of Awards.* The Committee may specify that the payment of all or any portion of cash, Common Shares, Other Lifeline Securities or property, or any other form of payment, or any combination thereof, under an Award shall be deferred until a later date. Deferrals shall be for such periods or until the occurrence of such events, and upon such terms, as the Committee shall determine in its discretion, *provided however*, that any such deferral shall comply with the requirements of Code Section 409A. Deferred payments of Awards may be made by undertaking to make payment in the future based upon the performance of certain investment equivalents (which may include, but need not be limited to, government securities, Common Shares, other securities, property or consideration, or any combination thereof), together with such additional amounts of income equivalents (which may be compounded and may include, but need not be limited to, interest, dividends or other rates of return or any combination thereof) as may accrue thereon until the date or dates of payment, such investment equivalents and such additional amounts of income equivalents to be determined by the Committee in its discretion.

Section 12. *Transferability of Awards.* A Participant's rights and interest under this Plan or any Award may not be assigned or transferred, hypothecated or encumbered in whole or in part either directly or by operation of law or otherwise, including, but not by way of limitation, execution, levy, garnishment, attachment, pledge, bankruptcy or in any other manner; *provided, however*, the Committee may permit such transfer to a Permitted Transferee; and *provided, further*, that, unless otherwise permitted by the Code, any Incentive Stock Option granted pursuant to this Plan shall not be transferable other than by will or by the laws of descent and distribution, and shall be exercisable during the Participant's lifetime only by Participant or by such Permitted Transferee.

Section 13. *Amendment or Substitution of Awards under this Plan.* The terms of any outstanding Award under this Plan may be amended or modified from time to time by the Committee in its discretion in any manner that it deems appropriate (including, but not limited to, acceleration of the date of exercise of any Award and/or payments under any Award) if the Committee could grant such amended or modified Award under the terms of this Plan at the time of such amendment or modification; *provided* that no such amendment or modification shall adversely affect in a material manner any right of a Participant under the Award without his or her written consent; and *provided further* that the Committee shall not have the authority to accelerate the time or schedule of any payment in a manner which is not permitted under Code Section 409A, or to grant or amend any Award in any manner which would result

Table of Contents

in an inclusion of any amount in gross income under Code Section 409A(a)(1). The Committee may, in its discretion, permit holders of Awards under this Plan to surrender outstanding Awards in order to exercise or realize the rights under other Awards, or in exchange for the grant of new Awards, or require holders of Awards to surrender outstanding Awards as a condition precedent to the grant of new Awards under this Plan.

Section 14. Termination of a Participant. For all purposes under this Plan, the Committee shall determine whether a Participant has terminated employment with, or the performance of services for, the Company; *provided, however*, an absence or leave approved by the Company, to the extent permitted by applicable provisions of the Code, shall not be considered an interruption of employment or performance of services for any purpose under this Plan.

Section 15. Dilution and Other Adjustments. If any change in the outstanding Common Shares occurs by reason of any stock split of or stock dividend on the Common Shares, then the terms of any outstanding Awards shall be equitably adjusted in the manner determined by the Committee without liability to any Person. If any change in the outstanding Common Shares occurs by reason of any split-up, split-off, spin-off, recapitalization, merger, consolidation, rights offering, reorganization, combination or exchange of shares, sale by the Company of all of its assets, distribution to shareholders (other than a stock dividend as provided above or a normal cash dividend on the Common Shares), or other extraordinary or unusual event (other than a stock split of the Common Shares as provided above), then the Committee shall determine, in its discretion and without liability to any Person, to terminate all outstanding Awards immediately prior to the consummation of any such event or make an equitable adjustment in the terms of any outstanding Award and/or the number of Common Shares available for Awards. Any such termination or adjustment made by the Committee shall be final, conclusive and binding for all purposes of this Plan. Unless otherwise provided by the Committee, all outstanding Awards shall terminate immediately prior to the consummation of any dissolution or liquidation of the Company.

Section 16. Designation of Beneficiary by Participant. A Participant may name a beneficiary to receive any payment to which such Participant may be entitled with respect to any Award under this Plan in the event of his or her death, on a written form to be provided by and filed with the Committee, and in a manner determined by the Committee in its discretion (a “**Beneficiary**”). The Committee reserves the right to review and approve Beneficiary designations. A Participant may change his or her Beneficiary from time to time in the same manner, unless such Participant has made an irrevocable designation. Any designation of a Beneficiary under this Plan (to the extent it is valid and enforceable under applicable law) shall be controlling over any other disposition, testamentary or otherwise, as determined by the Committee in its discretion. If no designated Beneficiary survives the Participant and is living on the date on which any amount becomes payable to such a Participant’s Beneficiary, such payment will be made to the legal representatives of the Participant’s estate, and the term “**Beneficiary**” as used in this Plan shall be deemed to include such Person or Persons. If there are any questions as to the legal right of any Beneficiary to receive a distribution under this Plan, the Committee in its discretion may determine that the amount in question be paid to the legal representatives of the estate of the Participant, in which event the Company, the Board, the Committee, the Designated Administrator (if any), and the members thereof, will have no further liability to anyone with respect to such amount.

Section 17. Financial Assistance. If the Committee determines that such action is advisable, the Company may assist any Participant in obtaining financing from the Company (or under any program of the Company approved pursuant to applicable law), or from a bank or other third party, on such terms as are determined by the Committee, and in such amount as is required to accomplish the purposes of this Plan, including, but not limited to, to permit the exercise or receipt of an Award and/or the payment of any taxes with respect to such Award. Such assistance may take any form that the Committee deems

appropriate, including, but not limited to, a direct loan from the Company, a guarantee of the obligation by the Company or the maintenance by the Company of deposits with such bank or third party.

Section 18. Miscellaneous Provisions.

(a) Any proceeds from Awards shall constitute general funds of Lifeline.

(b) No fractional shares may be delivered under an Award, but in lieu thereof a cash or other adjustment may be made as determined by the Committee in its discretion.

(c) No Eligible Person or other Person shall have any claim or right to be granted an Award under this Plan. Determinations made by the Committee under this Plan need not be uniform and may be made selectively among Eligible Persons under this Plan, whether or not such Eligible Persons are similarly situated. Neither this Plan nor any action taken under this Plan shall be construed as giving any Eligible Person any right to continue to be employed by or perform services for the Company, and the right to terminate the employment of or performance of services by Eligible Persons at any time and for any reason is specifically reserved.

(d) No Participant or other Person shall have any right with respect to this Plan, the Common Shares reserved for issuance under this Plan or in any Award, contingent or otherwise, until written evidence of the Award shall have been delivered to the Participant and all the terms, conditions and provisions of this Plan and the Award applicable to such Participant (and each Person claiming under or through such him or her) have been met.

(e) No Common Shares, Other Lifeline Securities or property, other securities or property or other forms of payment shall be issued under this Plan with respect to any Award unless counsel for Lifeline shall be satisfied that such issuance will be in compliance with applicable law and any applicable rules of any stock exchange or other market quotation system on which Common Shares are listed.

(f) It is the intent of Lifeline that this Plan comply in all respects with Rule 16b-3 and Section 162(m), that any ambiguities or inconsistencies in construction of this Plan be interpreted to give effect to such intention and that if any provision of this Plan is found not to be in compliance with Rule 16b-3 or Section 162(m), such provision shall be deemed null and void. Except as otherwise determined by the Committee, with respect to Awards granted to executive officers of Lifeline, such Awards shall be deemed to be automatically modified to the minimum extent required to permit such Awards to comply with Rule 16b-3 and Section 162(m). It is also the intent of Lifeline that this Plan comply in all respects with the provisions of the Code providing favorable treatment to Incentive Stock Options, that any ambiguities or inconsistencies in construction of this Plan be interpreted to give effect to such intention and that if any provision of this Plan is found not to be in compliance with the Incentive Stock Option provisions of the Code, such provision shall be deemed null and void with respect to Incentive Stock Options granted to employees of the Company to the extent required to permit such Incentive Stock Options to receive favorable treatment under the Code.

It is the intent of Lifeline that this Plan comply in all respects with any applicable provisions of Code Section 409A with respect to Awards granted under this plan and any amendment or revision of such Awards, that any ambiguities or inconsistencies in construction of this Plan be interpreted to give effect to such intention and that if any provision of this Plan is found not to be in compliance with any applicable provisions of Code Section 409A such Plan provision shall be deemed null and void to the extent required to permit such Awards to comply

with any applicable provisions of Code Section 409A. Specifically, the Committee shall not have the authority to accelerate the time or schedule of any payment in a manner which is not permitted under Code section 409A or the regulations issued thereunder, or to grant or amend any Award in any manner which would result in an inclusion of any amount in gross income under Code Section 409A(a)(1).

(g) The Company shall have the right to deduct from any payment made under this Plan any federal, state, local or foreign income or other taxes required by law to be withheld with respect to such payment. It shall be a condition to the obligation of Lifeline to issue Common Shares, Other Lifeline Securities or property, other securities or property, or other forms of payment, or any combination thereof, upon exercise, settlement or payment of any Award under this Plan, that the Participant (or any Beneficiary or Person entitled to act) pay to Lifeline, upon its demand, such amount as may be required by the Company for the purpose of satisfying any liability to withhold federal, state, local or foreign income or other taxes. If the amount requested is not paid, Lifeline may refuse to issue Common Shares, Other Lifeline Securities or property, other securities or property, or other forms of payment, or any combination thereof. Notwithstanding anything in this Plan to the contrary, the Committee may, in its discretion, permit an Eligible Person (or any Beneficiary or Person entitled to act) to elect to pay a portion or all of the amount requested by the Company for such taxes with respect to such Award, at such time and in such manner as the Committee shall deem to be appropriate (including, but not limited to, by authorizing Lifeline to withhold, or agreeing to surrender to Lifeline on or about the date such tax liability is determinable, Common Shares, Other Lifeline Securities or property, other securities or property, or other forms of payment, or any combination thereof, owned by such Person or a portion of such forms of payment that would otherwise be distributed, or have been distributed, as the case may be, pursuant to such Award to such Person, having a Fair Market Value equal to the amount of such taxes).

(h) The expenses of this Plan shall be borne by the Company; *provided, however*, the Company may recover from a Participant or his or her Beneficiary, heirs or assigns any and all damages, fees, expenses and costs incurred by the Company arising out of any actions taken by a Participant in breach of this Plan or any agreement evidencing such Participant's Award.

(i) This Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Award under this Plan, and rights to the payment of Awards shall be no greater than the rights of the Company's general creditors.

(j) By accepting any Award or other benefit under this Plan, each Participant (and each Person claiming under or through him or her) shall be conclusively deemed to have indicated his or her acceptance and ratification of, and consent to, any action taken under this Plan by the Company, the Board, the Committee or the Designated Administrator (if applicable).

(k) The appropriate officers of the Company shall cause to be filed any reports, returns or other information regarding Awards under this Plan or any Common Shares issued pursuant to this Plan as may be required by applicable law and any applicable rules of any stock exchange or other market quotation system on which Common Shares are listed.

(l) The validity, construction, interpretation, administration and effect of this Plan, and of its rules and regulations, and rights relating to this Plan and to Awards granted under this Plan, shall be governed by the substantive laws, but not the choice of law rules, of the State of Colorado.

(m) Records of the Company shall be conclusive for all purposes under this Plan or any Award, unless determined by the Committee to be incorrect.

(n) If any provision of this Plan or any Award is held to be illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions of this Plan or any Award, but such provision shall be fully severable, and this Plan or Award, as applicable, shall be construed and enforced as if the illegal or invalid provision had never been included in this Plan or Award, as applicable.

(o) The terms of this Plan shall govern all Awards under this Plan and in no event shall the Committee have the power to grant any Award under this Plan that is contrary to any of the provisions of this Plan.

(p) For purposes of interpretation of this Plan, the masculine pronoun includes the feminine and the singular includes the plural wherever appropriate.

Section 19. Plan Amendment or Suspension. This Plan may be amended or suspended in whole or in part at any time from time to time by the Committee. No amendment of this Plan shall adversely affect in a material manner any right of any Participant with respect to any Award previously granted without such Participant's written consent, except as permitted under Section 13; *provided, however*, that the Committee may amend this Plan in such manner as it deems necessary to permit the granting of Awards meeting the requirements of the Code or other applicable laws.

Section 20. Plan Termination. This Plan shall terminate upon the earlier of the following dates or events to occur:

(a) upon the adoption of a resolution of the Board terminating this Plan; or

(b) the tenth anniversary of the Effective Date; *provided, however*, that the Board may, prior to such date, extend the term of this Plan for an additional period of up to five years for the grant of Awards other than Incentive Stock Options.

No termination of this Plan shall materially alter or impair any of the rights or obligations of any Participant, without his or her consent, under any Award previously granted under this Plan, *except* that subsequent to termination of this Plan, the Committee may make amendments or modifications permitted under Section 13.

Section 21. Effective Date. This Plan shall be effective, and Awards may be granted under this Plan, on or after the Effective Date.

(iv) any transaction involving the Corporation or any direct or indirect majority-owned subsidiary of the Corporation which has the effect, directly or indirectly, of increasing the proportionate share of the stock of any class or series, or securities convertible into the stock of any class or series, of the Corporation or of any such subsidiary which is owned by the Interested Shareholder, except as a result of immaterial changes due to fractional share adjustments or as a result of any purchase or redemption of any shares of stock not caused, directly or indirectly, by the Interested Shareholder; or

(v) any receipt by the Interested Shareholder of the benefit, directly or indirectly (except proportionately as a shareholder of the Corporation), of any loans, advances, guarantees, pledges or other financial benefits (other than those expressly permitted in subparagraphs (i)-(iv) of this paragraph) provided by or through the Corporation or any direct or indirect majority-owned subsidiary.

For the purpose of determining whether a person is an Interested Shareholder, the voting stock of the Corporation deemed to be outstanding shall include stock deemed to be owned by the person through application of Section 11.1(i) but shall not include any other unissued stock of the Corporation which may be issuable pursuant to any agreement, arrangement or understanding, or upon exercise of conversion rights, warrants or options, or otherwise.

11.2 Restriction on Certain Business Combinations. Notwithstanding any other provisions contained in these Articles of Incorporation, the Corporation shall not engage in any Business Combination with any Interested Shareholder for a period of three (3) years following the time that such shareholder became an Interested Shareholder, unless:

(b) Upon consummation of the transaction which resulted in the shareholder becoming an Interested Shareholder, the Interested Shareholder owned at least 85% of the voting stock of the Corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding (but not the outstanding voting stock owned by the interested stockholder) those shares owned (i) by persons who are directors and also officers and (ii) employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

(c) At or subsequent to such time the Business Combination is approved by the Board of Directors and authorized at an annual or special meeting of shareholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the Interested Shareholder.

11.3 Exemptions. The restrictions contained in this Article XI shall not apply if:

(a) The Corporation, by action of the shareholders, adopts an amendment to these Articles of Incorporation expressly repealing this Article XI; provided that, in addition to any other vote required by law, such amendment to the Articles of Incorporation must be approved by the affirmative vote of a majority of the shares entitled to vote. An amendment adopted pursuant to this Section 11.3(a) shall not be effective until 12 months after the adoption of such amendment and shall not apply to any Business Combination between the Corporation and any person who became an Interested Shareholder of the Corporation on or prior to the date of such adoption;

(c) The Business Combination is proposed prior to the consummation or abandonment of and subsequent to the earlier of the public announcement or the notice required under this Article XI of a proposed transaction which (i) constitutes one of the transactions described in the second sentence of this Section 11.3(c); (ii) is with or by a person who either was not an Interested Shareholder during the previous 3 years or who became an Interested Shareholder with the approval of the Corporation's Board of Directors; and (iii) is approved or not opposed by a majority of the members of the Board of Directors then in office (but not less than 1) who were directors prior to any person becoming an Interested Shareholder during the previous 3 years or were recommended for election or elected to succeed such directors by a majority of such directors. The proposed transactions referred to in the preceding sentence are limited to (x) a merger, consolidation or plan of share exchange involving the Corporation (except for a merger in respect of which, pursuant to Section 7-111-104 of the CBCA or any successor provision thereto, no vote of the shareholders of the Corporation is required); (y) a sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), whether as part of a dissolution or otherwise, of assets of the Corporation or of any direct or indirect majority-owned subsidiary of the Corporation (other than to any direct or indirect wholly-owned subsidiary or to the Corporation) having an aggregate market value equal to 50% or more of either that aggregate market value of all of the assets of the Corporation determined on a consolidated basis or the aggregate market value of all the outstanding stock of the Corporation; or (z) a proposed tender or exchange offer for 50% or more of the outstanding voting stock of the Corporation. The Corporation shall give not less than 20 days' notice to all Interested Shareholders prior to the consummation of any of the transactions described in clause (x) or (y) of the second sentence of this Section 11.3(c).
